

# Seventy Four

# HOPES

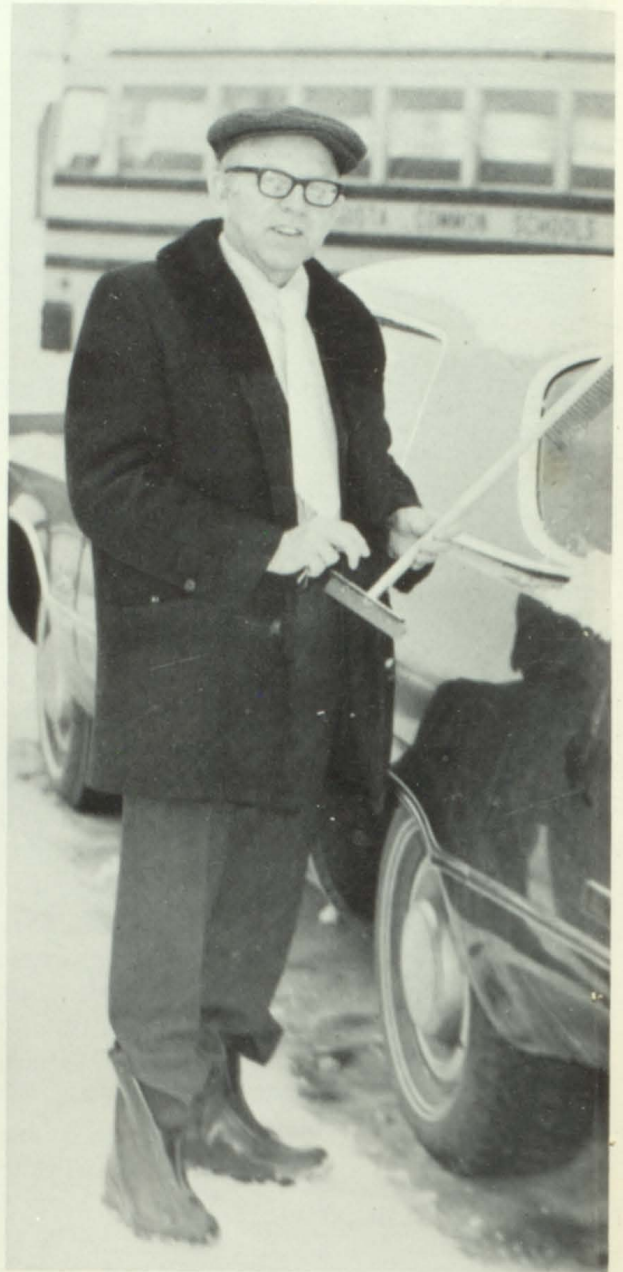

The future; an infinite expanse of opportunity. We are now at the stage in life when decisions concerning our future must be made. We must now choose the paths with which to reach our goals.

But the future is not without challenge. We are now faced with problems that past generations have not known. Problems which may affect the destiny of mankind itself. The energy and vigor with which we meet these problems will affect our future as well as those that have gone before us and those yet to come. We must work hard to make the world a better place to live.

But above all, we must learn to live together, to share what we have, and at times sacrifice what we do not have to make the future bright and promising for everyone.

## IN MEMORIAM

Ione Herrell was born on November 17, 1913. She died, after an extended illness, on March 20, 1973.

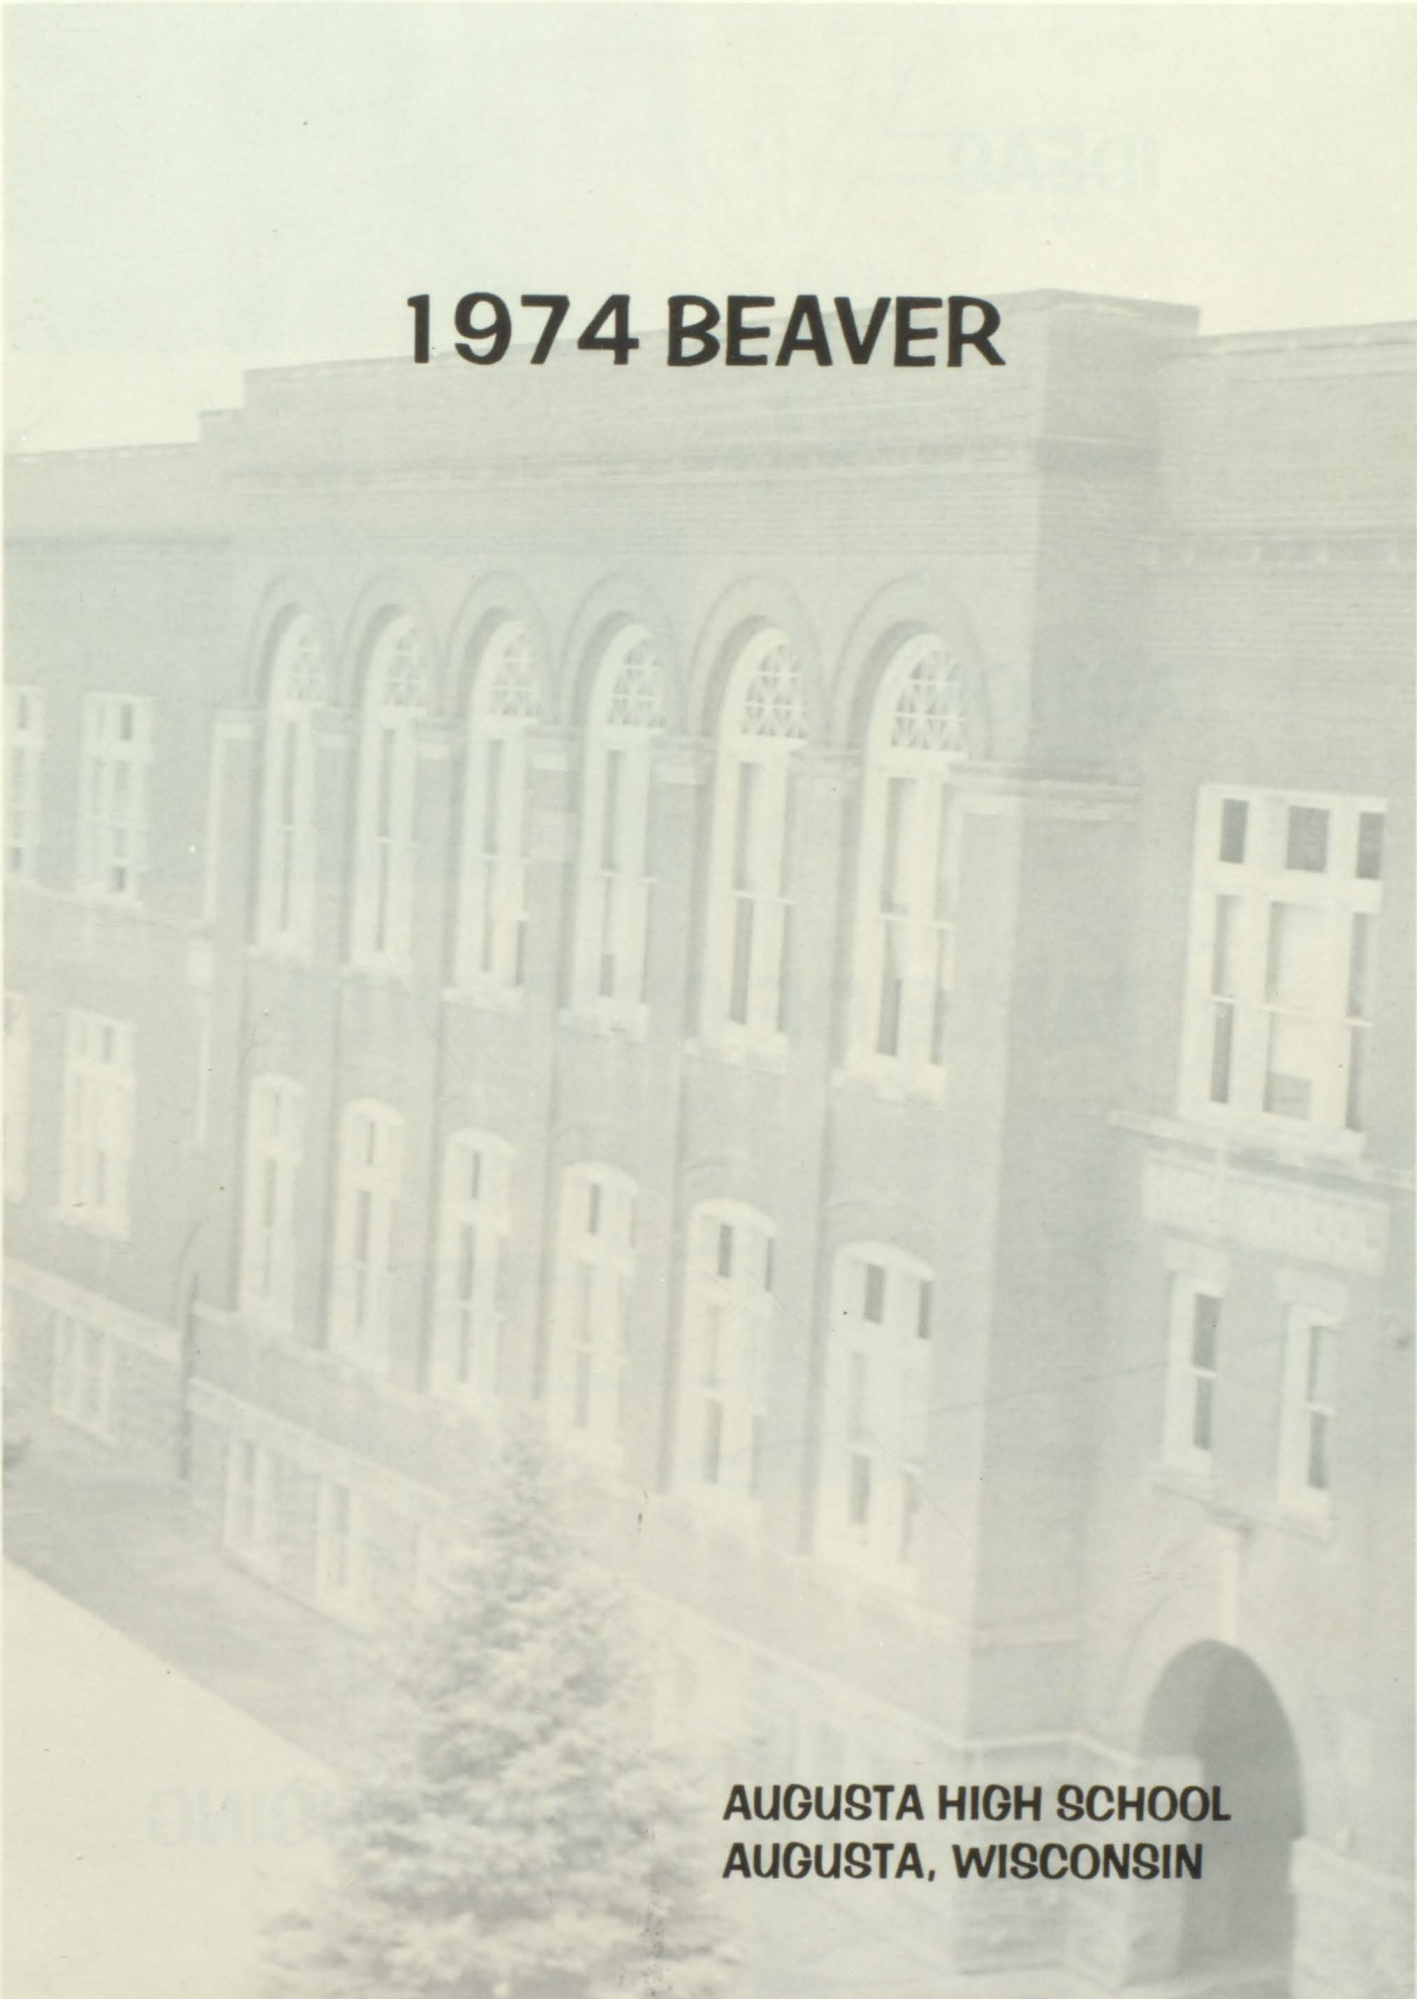

Mrs. Herrell taught in Augusta for fifteen years. She instilled in her students a positive attitude toward learning and toward life.

Life has loveliness to sell,  
All beautiful and splendid things,  
Blue waves whitened on a cliff,  
Soaring fire that sways and sings,  
And children's faces looking up  
Holding wonder like a cup.

Life has loveliness to sell,  
Music like a curve of gold,  
Scent of pine trees in the rain  
Eyes that love you, arms that hold,  
And for your spirit's still delight,  
Holy thoughts that star the night.

Spend all you have for loveliness,  
Buy it and never count the cost;  
For one white singing hour of peace  
Count many a year of strife well lost,  
And for a breath of ecstasy  
Give all you have been, or could be.

# ADMINISTRATION

The Administration handles the affairs of the school district. An individualized program of instruction was extended to the High School to give each student a more personal education toward the vocation of his choice.

MR. ALLEN OLSON  
Principal

MR. JAMES LARSON  
Superintendent

SCHOOL BOARD MEMBERS: Mr. Martin Thode, Mr. George Stanek, Mr. Arnold Sudbrink, Mr. Bruce Karolus, Mr. Galen Smith.

**MRS. RUTH HARDEN**  
Guidance Counselor

## **GUIDANCE RESOURCE PERSONNEL**

Mrs. Harden's office is always busy as she deals with problems of the students.

Helping seniors decide about the future and encouraging all students with their schedules makes up a large part of her job.

Mrs. Bugher has the responsibility of taking care of the library. Ordering new material and keeping the present resources in good condition keep her busy. Her helpfulness is appreciated when information is needed.

Mr. Blinkman heads up the capstone courses for seniors. Organizing the classes between five area schools takes a lot of time and energy. Careful planning is necessary to keep things under control.

**MRS. KATHRYN BUGHER**  
Librarian

**MR. NEAL BLINKMAN**

## ART

Mr. Gary Thorson is the instructor for Art Class. Creativity is the word that counts here.

## BAND

Mrs. Alice Young directs the Junior and Senior bands. Playing for sports events and marching in the parade are highlights of the band.

## CHOIR

Mr. Gerald Way is the conductor of the Junior and Senior choirs. He also teaches music History and Theory to interested students.

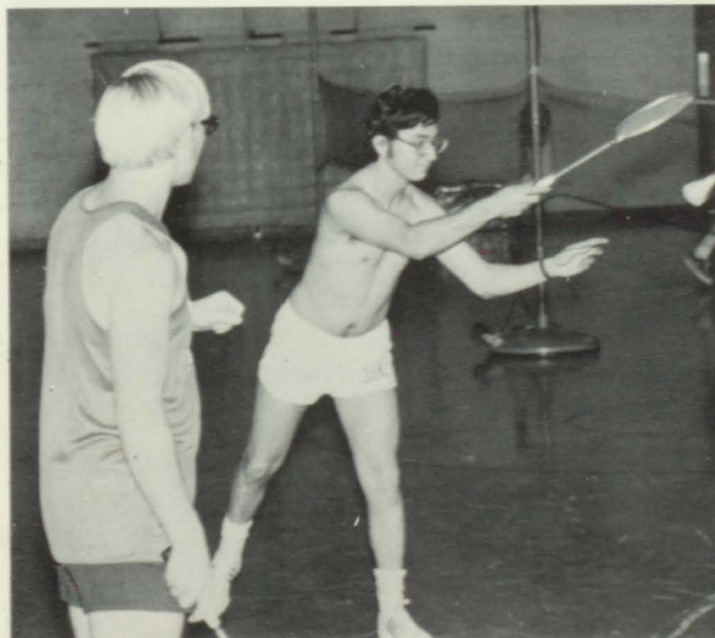

## SPECIAL EDUCATION

Mr. Lauren Books leads his nine Special Education Students in a variety of projects intended to meet their individual needs.

## GIRLS PHYSICAL EDUCATION

Mrs. Larea Diehl is the instructor for Girls Physical Education. Individual and team activities are used to help the girls get their daily exercise.

## BOYS PHYSICAL EDUCATION

Boys Physical Education classes are taught by Mr. James Osborn. A variety of sports and skills help keep the boys physically fit.

# BUSINESS EDUCATION

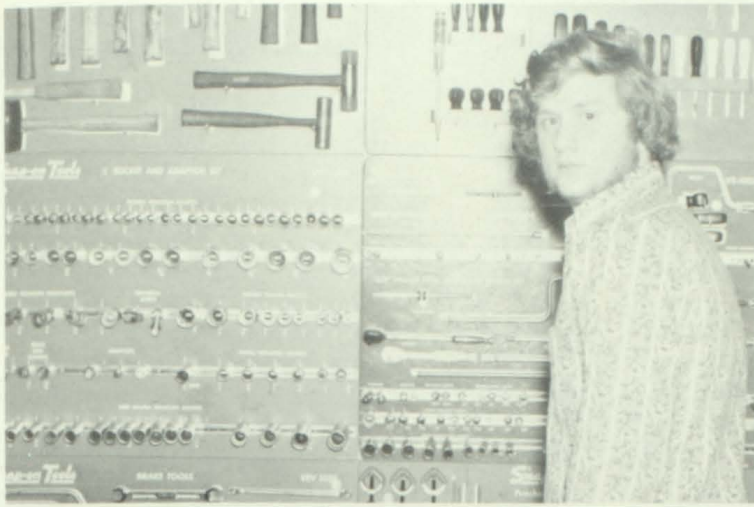

Mrs. Juanita Buchholz is the instructor of skills from the business world. Her curriculum includes: Introduction to Business, Typing, Shorthand, Recordkeeping, and Office Practice.

# HOME ECONOMICS

Mrs. Juanita Rosenberg teaches classes which prepare students for managing a household. These classes include: Home Economics 8, Foods, Child Development, Consumer Education, Clothing and Textiles, Interior Design, and Family Relations.

## INDUSTRIAL ARTS

Mr. David Rybak is the instructor for Industrial Arts. Junior High Industrial Arts, American Industry, and Pre-Building Trades give much background information as students prepare construction projects.

## AGRICULTURE

The Agriculture classes are taught by Mr. David Gavin. These classes include: Animal Selection, Soils and Natural Resources, Farm Machinery, Agriculture 9, and Agriculture Economics. This instruction is important for students interested in farming.

## DRIVERS EDUCATION

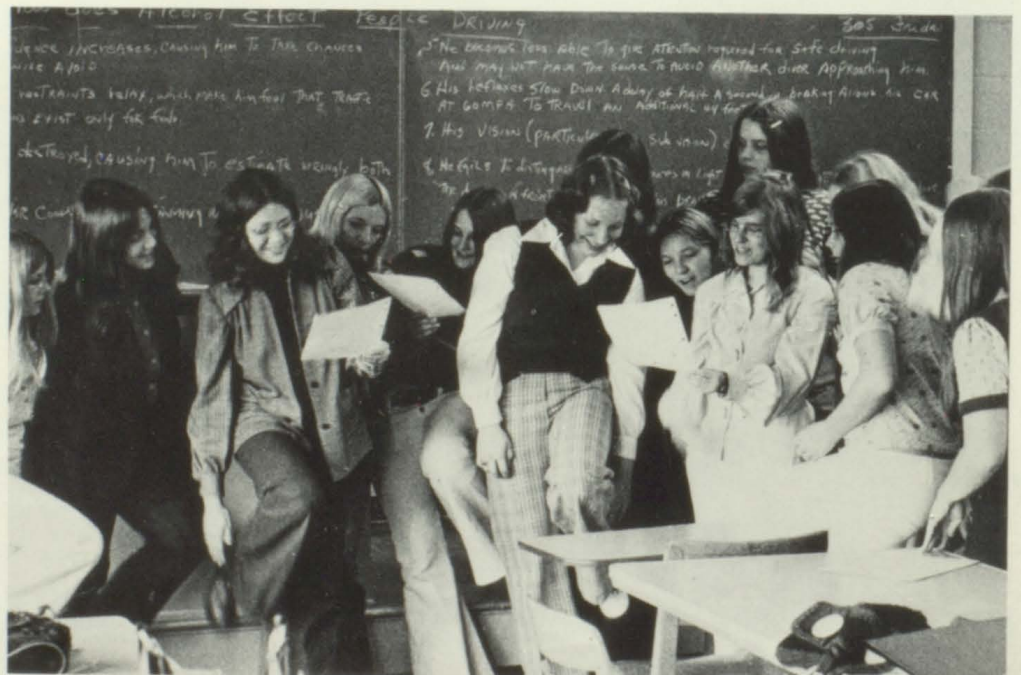

Mr. Norman Hoyme has the job of teaching Drivers Education. Classroom and Behind-the-Wheel training help prepare students for their positions on our nation's highways.

## CAPSTONE COURSES

### HEALTH OCCUPATIONS

The Health Occupations course, held at Altoona, provides a good background for students interested in the health field. Classroom instruction includes information on diseases, nutrition, and anatomy. Skills such as taking temperature, blood pressure, and giving first-aid are also taught.

## FOOD SERVICES

The Food Services class is taught at Osseo. This course provides instruction in the preparation of food on a quantity basis. Sanitation, meal planning, food selection, and equipment care and selection are studied.

## AUTO MECHANICS

The Auto Mechanics course, held in Augusta, includes working on the mechanical components of the auto - the engine, ignition, differential, and exhaust. Special attention is placed on tune-up and brakes.

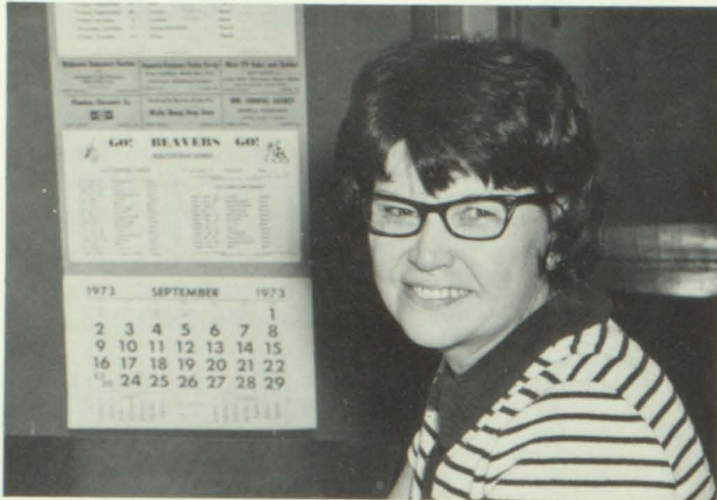

## SECRETARIAL PRACTICE

The Secretarial Practice course, also in Altoona, offers instruction in office skills. This includes typing, taking transcription, answering the business telephone, using calculators, writing business letters, and cutting stencils. Students also receive instruction in the art of "getting along with people."

## BUILDING TRADES

The Building Trades course held at Osseo, is designed to provide technical information combined with work experience in light frame construction. Skill in the use of hand and portable power tools, the framing square, measuring, and other related layout tools is also stressed.

At 9:00 p.m. Dec. 29 at Chicago's O'Hare airport, a Pan Am 707 started down the runway carrying thirteen persons from Augusta, and over 200 other high school and college students to historical London, England. The plane landed at London's Heathrow airport at 10:00 a.m. Tour coaches took students and luggage to the "Leinster Towers Hotel" which would be their home for the next nine days.

Activities were planned for every minute of every day including visits to St. Paul's Cathedral, Buckingham Palace, Windsor Castle, Hampton Court, The White Cliffs of Dover, Canterbury, Westminster Abbey, Houses of Parliament, Big Ben, Tower of London, The River Thames, Hyde Park, Madame Trussaud's Wax Museum, Oxford University, Shakespeare's birthplace in Stratford-upon-Avon, the Cutty Sark, and three evening theatre performances.

Everyone learned how to use the underground, hail a cab, and understand some "typically English" dialogue in the days we were abroad. And some strong friendships and minor love affairs were started.

The group landed back in Chicago at 6:00 p.m. Jan. 6 loaded with happy memories, and extremely tired!

The tour was an Educational Tour sponsored by Viterbo College in LaCrosse.

The Photo Club is a very young organization just starting to develop and prove its worth to the entire school. Whenever a picture is needed, you can count on them to take it. Even though some people shutter at the sight of themselves on film, there are always plenty of "hams" around when the camera is taken out.

A sample of the members' efforts.

The Augusta Beavers started the 73-74 football season with a rough road ahead of them. Being #1 in the state the year before, everyone was looking for a chance to defeat the "champs." Although losing many seniors from last year's graduation, the team had hopes of keeping the crown. When the last game was over Augusta supported a 5-2-1 record. Although they fell one game short of the championship, many felt Augusta's team still was No #1.

# SPORTS POT POURRI

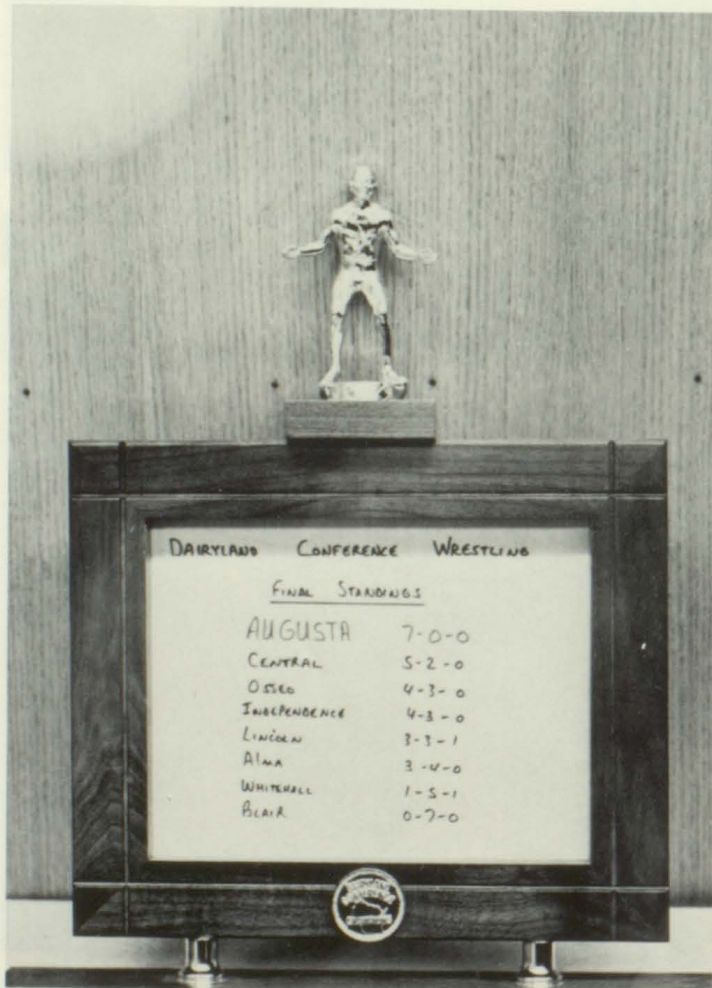

After their first 2 matches which also turned out to be their first 2 losses of the season, our wrestlers didn't waste any time shaping up into the kind of #1 team expected by Augusta fans. They wrapped up an undefeated conference season bringing home for the second year in a row the Dairyland Conference Trophy and finished with an overall season record of 10-3-0. New records for the fastest pins were set by Loren Travis at 112 lbs with a 23 second pin and Dusty Warner at 145 lbs: breaking the record twice with 17 and 13 second pins. Qualifying for sectional competition this year were Randy Barka, Loren Travis and Kenny Smith, all juniors, Dusty Warner, a senior and freshman Keith Rupprecht who has a fantastic future ahead of him. After winning 3 matches at the sectionals Dusty became the first wrestler from Augusta ever to advance to state competition in Madison. Our team is very young this season and losing only Dusty Warner to graduation, next year promises to be just as exciting and rewarding as this year.

# BASKETBALL

The Beavers started the 73-74 basketball season with hopes of bettering last years record. Having only 3 lettermen back the chance for a good season was in doubt by many. However as the season progressed many minds were changed. With determination and hard work from coaches and players they supported a 8-10 record. It didn't end there. Going into tournament play as the underdogs the Beavers threw a few surprises. They brought home back victories over Fall Creek and Osseo-Fairchild giving them a berth in the regionals. It took a fine ball club to do this.

# SOPHOMORES

Due to the large number of firecrackers in the bonfire at Homecoming this year, the class was spared the dirty job of cleaning the mess up. Their float, "We'll Knock The Sting Out Of Them" captured third place. They also ordered and received their class rings.

# JUNIORS

The Juniors started the year without an advisor, but Mr. Tlusty came to their rescue. He supervised the building of the bonfire and helped the class with their float, "Hornet Swatter" which won first place.
