Leaving our Mark

How did you leave your mark on your journey throughout your school years? Did you break an athletic record? Did you become part of a story your teachers were sure to tell for years to come? Maybe you were the person who helped someone through a rough patch in their lives. Whatever you did, you left an impression on those around you.

When Mr. Catt was guiding us, the yearbook annual staff, through the process of developing a theme, another teacher helped guide us to what became our theme. Mr. Stutzman devised an analogy of comparing the journey of education to the journey across the United States from Boston to Los Angeles. We decided that using this as a starting point for our theme was a good idea, since our job as yearbook members is to map out and cover all the different memories made over the year. As a team, we have spent countless hours working hard to put together a yearbook every person in Augusta High would enjoy. All 20 of us were in charge of leaving our mark and summing up the year on all 100 pages.

As you journey through this book, you'll notice the streets of Augusta that we traveled on throughout our education experiences here. We believed it was important to include roads that we have traveled on in our town throughout the past 13 years of school. They helped guide us down the path to graduation, and lead us into successful futures. Leaving our mark is what the class of 2011 is all about, and our mark is sure to leave an impression of a lifetime.

Tuning the Trip

7TH AND 8TH GRADE BAND
Front: Abby Randall, Alexa Stensen, Kayla Erdman, Katelyn Randall, Danielle Nelson, Maryatt Karstensen, Alexa Gutshall, Cathy Renneke, Kacie Conner, Megan Bertrang. **2nd row:** Gabriel Carrillo, Kyle Priest, Seaann Nuetzmann, Shantae Harke, Maddy McConville, Halle Luedtke, Jordan Cerrillo. **3rd row:** Mayzie Walker, Skyler Hahn, Samuel Witte, Andy Lea, Matthew Stanek, Dallas Hawkins, Alex Sobetta. **Back:** Faith Martin, Devon Shilka, James Goings and Mrs. Zastrow.

Left: 7th grader Gabriel Carrillo playing his Bass Clarinet

Right: 7th grade flutist Megan Bertrang practices her class music.

While traveling, 86% of people have the radio turned on according to statistics.fm.com. Music is an important element in a person's life. With lack of quantity in a small school district, the young musicians in the middle school still put together quality music. Having started in fifth grade, these instrumentalists began putting individual instruments together and form a group band in the middle school. One hour of music every day in these kids' lives added an additional element to their growing education.

Under the direction and instruction of Kelli Zastrow, Middle School Band members worked daily to improve their music, preparing for numerous public performances. Decked out in purple, the Middle School Band marched in the Homecoming parade on Friday, September 24th. "I liked marching in the parade because it made us feel like we were part of the homecoming activities," stated 8th grader Halle Luedtke. Many individuals also went above the music in class and chose to play a piece in the solo/ensemble competition held November 6th at Augusta. Students who played either a solo or duet at the competition were judged, receiving a rating for their performance. The annual evening Christmas Concert was postponed from its original date due to bad weather. The concert was held December 22 during the school day, which allowed fellow peers the opportunity to hear the band's music. Later in the school year, the Middle School Band performed in the annual Pops Concert for the community, playing popular songs known by most of the audience. "The Pops Concert was my favorite to practice for because the songs were familiar and everyone liked to play them," 6th grade flutist Abby Schneider stated, as she recalled playing "Dances with Wolves". Concluding the year, the band held a Spring Concert. Here, individual members were acknowledged for their accomplishments and contributions throughout the school year. "Band for these students does not end with the school year", confirmed Kelli Zastrow, "We continue lessons throughout the summer" Middle School Band planted an element that one will refer back to whenever the radio is turned on in travel.

6TH GRADE BAND
Front: Kayla Martinson, Katie Nelson, Jenna Priest, Abby Schneider, Madeson Harshman. **Middle:** Sadie Solie, J.J. Breaker, Krista Kunz, Olivia Herold. **Back:** Kayne Korger, Matt Lyons, Evan Stensen, Mrs. Zastrow, Dylan Klindworth, and Forest Karstensen.

Let Rhythm Lead the Way

As the road kept on, some middle school students furthered their elementary music education, and built up for their high school music education, in the middle school choir. A group of 29 students made up the Augusta Middle School Choir, and sang songs such as "Carol of the Bells," with the high school choir, in December for their Christmas concert, and "Fireflies" for their Pops concert in March.

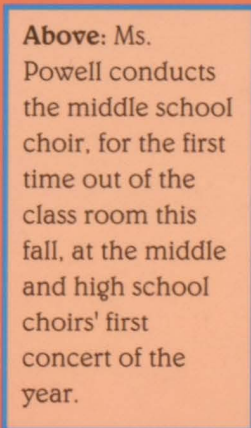

Middle school students also participated in Solo and Ensemble, where members of the choir sang their notes by themselves or in a small group, in front of family, friends, and other schools' students. In the spring, the Solo and Ensemble participants were Annalise Goodell, James Lengyel, Isabel Lane, Carissa Melgaard, Amber Ducommun, Jim Goings, Alexa Gutshall, Maryatt Karstensen, Jasmine Boettcher, Devon Shilka.

Blitzing the Highway

Sweat dripped down the faces of the exhausted Middle School Football players as play after play they tried to keep their opponents out of the end zone. Their every muscle pulsed from exhaustion. The punts, the catches, the tackles, the touchdowns, and the field goals; that was Football. A game of raw emotion and intensity that required the utmost passion for the game. As the Middle School Football season shifted into gear, the team went through some intense training. This included a lot of running, sprinting, and learning new techniques and plays. The 36 players survived this intense training, and started the season with a home scrimmage on September 7 against the Fall Creek Crickets. The Augusta Middle School Football team had a season that focused on having heart and passion for the game. One of the toughest games the boys played was on October 12 against the Regis Ramblers, resulting in three of the Beavers out for

the remainder of the season. Connor Larson bruised his rotator cuff for the second time during the season, Quinn Kirchoff suffered from a concussion, and Blake Solie pulled a muscle in his shoulder. "The boys played as a team, and because of this they won games. One individual was always positive, was always a team player, always played as hard as he could, and always played bigger than what he was. He was also respected by everyone on the team and coaching staff." Brandon Kimball." Coach Ken Sigurdson said. The team finished the season strong, with pride for their school, and won against the Cadott Hornets. Due to injuries throughout the season some of the eighth graders were unable to play, leaving the younger players to step up their game and fill some big shoes.

Matthew Stanek is getting ready to rush the quarterback on the 45-yard line, for a bone-crushing tackle.

Samuel Witte is outrunning the Cadott defense to lead the Beavers to the last victory of the season.

Top: Todd Kimball, Matt Guse, Daenil Montgomery, Andrew Zebell, Quinn Kirchoff, Blake Solie, Connor Larson, Dylan Guse, Luke Korger, and Ken Sigurdson. **Bottom:** Michael Schroeder, Samuel Witte, Matthew Stanek, Samuel Goberville, James Goings, Brandon Kimball, Jack Schneider, Jamie Brown, and Calvin Mayer.

Dylan Guse is working with his teammate to take down the Cadott running back.

Bump. Set. Spike! "At this level, the focus was not on winning every game; rather it was on striving to work together as a team and learning basic fundamentals of the game of volleyball", seventh grade Coach Ashley Mason stated in summary of the season. Twelve girls made up the seventh grade team and the girls had a season of vast improvement from each individual player. The game remembered to be the most intense from a coaching viewpoint was played at home against Cadott on September 27. The players were starting to play their own role and beginning to look like a volleyball team. They walked away with a team victory!

The 2010 8th Grade Volleyball Team consisting of eight young athletes, finished the year with eight wins and only three losses. Danielle Nelson, an eighth grade setter reminisced, "It was most exciting for me when I would set up a teammate and they would get a kill!" Most other teams at this stage were not able to perfect a bump, set, spike! This team oriented mindset by these girls is what they strived for every position. They concluded the season on the road at a Saturday tournament held in Osseo. Coached by third year coach Shaunna Schneider, the girls had a very successful season. Her favorite thing about the season was "watching all the girls improve. Some of the girls improved so much that they impressed themselves tremendously. It was great to witness this and see the excitement." This group of girls had great team chemistry and they are excited to take the next exit together and advance to a higher level.

(Right) 8th grader Halle Luedtke receives the ball and digs a pass up to the setter in an away victory at Eleva-Strum on September 20th.

(Right) Back row 7th graders Cathy Renneke and Kacie Conner are anticipating the incoming serve from the Cadott Hornets in the third game of the home match on September 27th.

8th grade team members left to right **(back)** Danielle Nelson, Chelsie Anger, Dallas Hawkins, Katelyn Randall, Kayla Erdman, and Coach Shaunna Schneider **(front)** Halle Luedtke, Devon Shilka, and Carrisa Melgaard

7th grader Maddy McConville eyes up the opposing Hornet defense as she serves an ace which leads to their first home victory!

Covering Katelyn Randall, Chelsie Anger, Danielle Nelson, and Dallas Hawkins circle together as 8th grader Kayla Erdman sets the ball over the net; which ends the 3-0 victory match played at Eleva-Strum.

Dribbling Down the Highway

The Beavers crash the board to out rebound the opposing team. Blake Solie grabs the ball out of the hoop to pass to a player down court for an easy fast break lay-up.

Blake Solie, and Michael Schroeder work together to block the opposing teams in-bounder from making a complete pass.

The referee throws the ball up. The tallest players of both teams paw at the ball to get the tip. They sprint back to play defense, staying low as they shift into position. The shot goes up and bounces out of the hoop, the players fight to recover the free ball. One needs to have endurance, heart, passion, and drive to withstand the game we all call Basketball.

The Middle School Boys Basketball season kicked into gear November 4th with a home game against the Regis Ramblers. The game ended with the Beavers lacking points they needed to finish the game with a victory. On November 15th the boys got their first win of the season against the Mondovi Buffaloes. Blake Solie recalled, "This was my favorite game of the season. We played as a team and had fun." Brandon Kimball said his favorite game of the season was

against Eleva-Strum because he took a charge from an out of control offender. The boys worked hard in practice and did a lot of running drills to get ready for their games. Jordan Cerrillo wishes he would have worked harder and put more time into practices.

On their journey to Osseo-Fairchild the Eighth grade team got their second win of the season on November 18th. The boys triumphed over the opposing home team. What won the game for the Beavers was their positive attitudes and their well played defense.

All of the players thought that the coaches were great and they encouraged and pushed them to get better. Although the boys only won two games throughout the season, they had fun and are excited to come back next year with the same heart and intensity.

Back Row: Kyle Priest, Dylan Guse, Connor Larson, Blake Solie, Noah Plewa, Andrew Zebell, Calvin Mayer. **Middle Row:** Logan Green, Austin Lewallen, Samuel Goberville, Jordan Cerrillo, Michael Schroeder, Brandon Kimball. **Front Row:** Troy Zimmerman, Samuel Witte.

Back Row: Kyle Gjersest, Tyler Lone, Matthew Lyons, Justin Johnson, Austin King. **Front Row:** Dakota Guilette, Evan Stensen, and Kayne Korger.

Basket Bound

The Middle School Girls were eager to get the season rolling. So eager in fact, that the eighth grade players practiced for a month with the High School Girls before their season even began. Assisting the players in their victories throughout the season were coaches Charles Russell and Renae Zimmerman. All of the players agreed that their coaches were great; they told them exactly what they needed to work on, and they went over it with them until they got it right.

The girls started the season with a home game against Osseo-Fairchild, which resulted in a big win for the eighth grade team. The 7th grade girls on the other hand had a little trouble getting started. Maddy McConville said, "We should have passed more so everybody could have taken more

shots." The girls practiced hard and did drills that helped them perfect the fundamentals of basketball. However, the team wished that they could have done more as a team off of the court. The eighth grade team started out very strong, with a winning streak of nine games. All of the time and effort they put into practices really paid off for them. "Practices went so successful because the coaches made them fun," said seventh grader Cathy Renneke.

Overall, the players think the season went pretty well. The girls will be ready to come back next year with high spirits, and more confidence to dominate the court.

Dashing Down the Lanes

Boom. It's the sound of the track event starting. It didn't matter if the weather was bad or good they will still try as hard to accomplish their goals that they made at the beginning of the year. Coaches Paul Henrichs and Luke Korger led the team to a great start for high school. The team was optimistic about a great season. Track participants got ready to participate in the events like, high jump, shot put, discus, and all kinds of running events. They learned which particular events they were especially good at, and others that were just fun for the team. The coaches were pleased with the consistent improvement of the kids and the constant hard work ethic.

The middle school track season was a blast for all the athletes and coaches. Coach Paul Henrichs said "It was enjoyable to coach, and I look forward to coaching again next season." The coaches enjoyed their time with the middle school track, and they encouraged the ones that were going to high school to strive for excellence that the coaches had taught them. At the end of the season they had completed their goals that they set at the beginning of the season, so for the next season they have to make new ones to work towards. Damin Hadorn-Papke said "I had a great time competing and I look forward to next year in high school."

Below: Kayla Erdman lets the discus fly for her first throw of the season.

Below: Damin Hadorn-Papke sprints down the track at a home meet.

Above: Danielle Nelson gets set in the blocks before a race.

Below: Sam Witte leaps over the first hurdle of a race.

4th Row: Angelle Solie, Omar Bustamante, Dylan Guse, Trevor Barka, Blake Solie, Damin Hadorn-Papke, Andrew Zebell, Calvin Mayer, Faith Martin.

Top Row: Coach Korger, Coach Henrichs.

Leading Their Way

"Leaders are not born, they are made." This quote from Vince Lombardi perfectly explained the goal of both TU4T and Middle School Student Council. Middle school students were groomed for leadership and taught skills that would help other students to do the same. Both organizations devoted their time to promote awareness of big problems through the middle school, sponsoring fun activities that allowed the students to make lifelong memories, and leading the students into their futures.

Eleven year advisor Ms. Judy Dekan expressed that Middle School Student Council taught the middle school students to be organized, how to promote ideas, and the process of change. She also said, "Middle School Student Council allowed students to become change agents." With the kick off to the school year, each grade selected individuals to be their Middle School Student Council representatives. They met with Ms. Dekan, chose officers and began brainstorming. These students had the job to come up with activities for

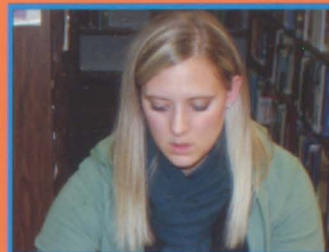

the middle school to participate in throughout the year. The group sponsored trips to Bruce Mound and a movie at Micon Cinemas before Christmas. Jack Schneider and Logan Green both stated that student council helped them become effective leaders.

TU4T, in its second year, gained popularity throughout the middle school by positively impacting the middle school students. TU4T, or Teaming up For Tolerance, traveled its way into the middle school to help educate students about bullying and accepting each other. Members and advisor Ms. Ashley Mason devised ideas of activities to promote awareness throughout the year. Selling candy grams on Valentine's Day, "spread a smile" and organized a "Mix it up" day at lunch were just a few of the activities the group sponsored during the year that allowed students to interact with other students while also showing their love and support for their friends. Maddy McConville stated that being in TU4T allowed her to feel like she made a difference in middle school. Together, Middle School Student Council and TU4T helped pave the road to help students become leaders.

Above: Annalise Goodell and Shantae Harke work diligently on creating candy grams during Valentines Day that students bought for one another.

Below: TU4T advisor Mrs. Mason works on creating candy grams while Middle School Student Council advisor Ms. Dekan searches for some new activities for the middle school students to do throughout the year.

Revving up Public Speaking

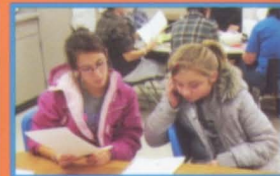

From the beginning weeks of school, Middle School Forensic students were busy picking out their pieces they would be performing for the season. The majority of members this year found themselves performing either a reader's theater or acting out a play.

Augusta hosted the first invitational meet of the season and there were seventeen schools that competed. "My favorite part of forensics is meeting kids from other schools and making lifelong friends" responded play acting Beth Marino when asked her favorite memory. For the first level competition they traveled to Eau Claire South Middle School. All members advanced to the next level. Another second invitational was held at Northstar Middle School. Invitationals in the simple sense were practice competitions where members could be judged and critiqued by a judge without an official score. They could then work on the suggestions and improve their piece. Level two competition was held at DeLong Middle School. All participating members received blue ribbons. On March 1 a family night was held where family members could come watch the performances. "I enjoy performing for my parents and family because they get to see the work that we put into our pieces." stated Alexa Gutshall, who acted in a play entitled "Cave Man, Brave Man". At Forensics Family Night, the students also received their medals during a mini award program.

A returning group of veteran eighth graders came out again this year. Beth Marino, Jim Goings, Matthew Stanek, Maryatt Karstensen, Alexa Gutshall, and Bryanna Huset set the bar high and showed leadership throughout the season. Returning experienced seventh graders included: Isabel Lane, Jasmin Boettcher, and Kacie Conner. Newcomers Megan Bertrang, Felicia Deering and Jeanne Solie joined the group this year. Jenna Priest, Madeson Harshman, Krista Kunz, Taylor Jensen, and Natachaa Huset, a group of beginning sixth graders, also came out this year. Together this year's forensics team had a fun and successful season.

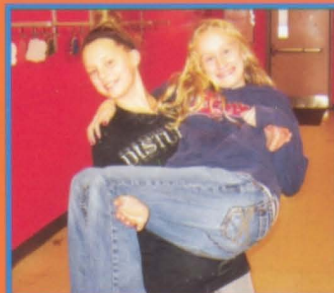

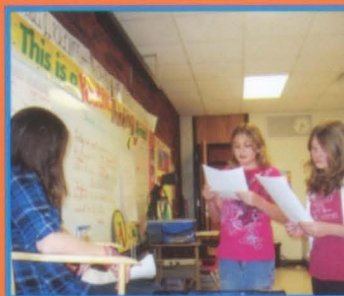

Front row: Felicia Deering, Kacie Conner, Jeanne Solie, Megan Bertrang, and Isabel Lane. **Middle row:** Krista Kunz, Madeson Harshman, Jenna Priest, Taylor Jensen. **Back row:** Natachaa Huset, Matt Stanek, Jasmin Boettcher, Maryatt Karstensen, Beth Marino, Jim Goings, Bryanna Huset, and Alexa Gutshall.

Sailing Away with JT and the Pirates

8TH GRADE CLASS

The eighth grade play established a rite of passage for middle school students. JT and the Pirates was a show about unexpected adventure, friendships, and establishing self-confidence, all which created a monumental voyage for the class of 2014. Directed by Mrs. Susan Maenner, JT and the Pirates was presented at the Community Center on Thursday, April 22 and as a dinner theater presentation on Saturday, April 24.

In the story, Jenny Taylor, played by Kerry Stensen, traveled back in time onto a pirate ship and met a unique band of pirates. The crew, led by Captain Devlin Thornhill, portrayed by Bradley Grunewald, was attempting to get to the island of Lunamoona in search of a buried treasure. Crashing on the island during a storm, Jenny and the pirates were met by jungle natives where the beautiful island goddess Lunamoona, played by Amber Herrick, greeted the shipwrecked crew with the promise of death.

With Jenny's quick thinking, she and the crew were transported back into the 21st century along with Lunamoona's prized necklace, which had a map of the treasure's location! Lunamoona found her way into the future taking on the disguise of a PhyEd teacher. Masquerading as German diplomats, the pirates and Jenny attempted to follow the map to the treasure, which seemed to be near the school.

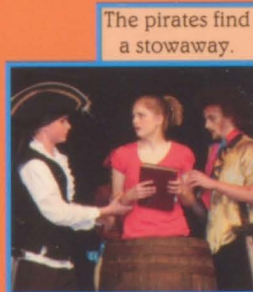

During the school's talent show, Lunamoona found her true calling, performing! She decided to let the pirates have her treasure; to the pirate's astonishment, it was buried right under the stage!

The cast began their journey in January at the start of second semester with the elective class "Exploring the Theater". "I loved watching the plays when I was little, and I couldn't wait to do it too," said Desyre Klindworth, who played Ms. Grimm. Memorizing lines, mastering dances, and working as a team were part of the things the eighth graders worked on during their daily practices. "I didn't want to miss being a part of it," Taylor Hess said.

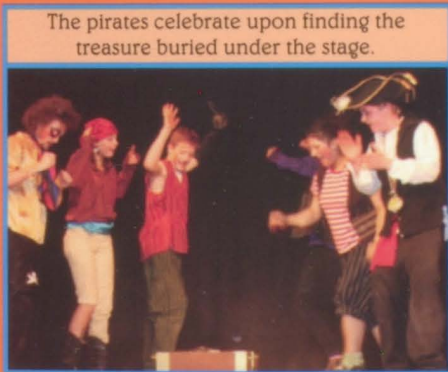

A roadblock of production preparation for the cast was the dancing; both Kerry and Amber said "it was tough and nerve-wracking." Many actors interviewed said they, "loved the class bonding because every student in eighth grade had a part in the production." Mrs. Maenner described the rite of passage simply as "family."

MIDDLE SCHOOL

SCHOOL

Where the Wild Things Are

This year the school was awarded a \$150,000 dissemination grant to be used over the course of two years. Essentially, the dissemination grant allows Wildlands to help other schools learn about project-based learning and how to use it in the classroom; and they've always prided themselves with helping others and leaving something better than when they find it. Wildlands likes to immerse its students in the fantastic, hands-on, do-it-yourself method of learning. From wetlands to wildlife, research to restoration, Wildlands likes to be a part of it.

HIGH SCHOOL

MIDDLE SCHOOL

The high schoolers have been hard at work on two major projects that will benefit others for many for years to come. The first project involves the shooting, editing, and posting of instructional videos. Many students have invested a massive amount of time and talent in the video production project. So far students have created instructional videos on canoe safety, soil testing, radio tracking a pheasant, and mushroom cultivation. Many, many more videos are in the making. To watch some of these amazing videos, visit the school's YouTube site, www.youtube.com/WildlandsSchoolVideo.

The other project that the high schoolers are working on is wetland analysis and restoration on Mr. Tweed's property. This project was such a success because the Environmental Conference team was able to use the data we collected for a spectacular "Wetlands=Wonderful Water" poster presentation at the Conference on the Environment at UW-Stevens Point. The team also built a working model that demonstrated how beneficial wetlands are at filtering water.

In the middle school, the students spend their time in two different sections: class and projects. In class time, they simply worked on what their teacher, Mr. Hadorn, had set out for them. Students use problem-solving abilities to come up with projects that benefit the school and the environment. When students start thinking outside the box they can do some truly amazing things. Two projects really seemed to stick out.

The first one involves a cheap, broken, plastic basketball hoop inconveniently placed in front of a commonly used parking space. But through the perseverance of a few boys, they made a sturdy painted MDF board up on a wooden beam, with a half court painted on the lot in no time.

The second project? A beautiful mosaic. Wildlands has always had fish tanks full of experiments in one hallway, but a very big, boring space above them full of, well, nothing! But now, thanks to the creativity of a few girls, they have tiles painted by volunteer students in the shape of a beautiful Wildlands logo.

As you can see Wildlands students take great pride in their projects and school, as well as what they're leaving behind. To learn more about Wildlands School visit our website www.wildlandsschool.net.

LONG TRIP FROM HOME

Could you imagine traveling to a place where you have never been before? Living with a family you had never met? Going to a school where no one knew you? It all starts with packing your bags, getting passports, and starting a new adventure on this globe tracker journey. Imagine what that would be like for a foreign exchange student.

Augusta High School hosted two foreign exchange students in the 2010-2011 year; Audrey Garbe and Renan Barbosa.

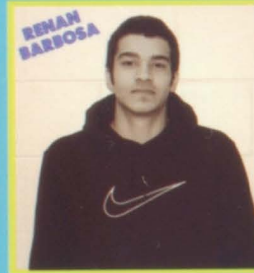

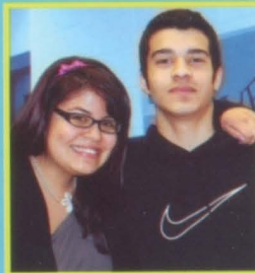

Audrey was a senior this past year, and she had no problem finding her place at Augusta. "I felt really happy and excited to live for a year in another country, living with another family, studying in another school, and meeting new people." Audrey said. After a 12 hour journey from Paulisto Brazil, Audrey finally made it to her new home with band teacher Kelli Zastrow. "I will miss my lovely family I've got here, the friends I've made, and the school." said Audrey. Audrey felt that she had a great experience here, and that she wouldn't change a thing about it.

Top left Audrey experiences snow for the first time! **Top right** Audrey with Kelli Zastrow, her exchange mother.

Sao Paulo, Brazil is where Renan's journey began. It was a 13 hour flight before Renan arrived at his new home with Steve and Cheryl Berg and their daughters. Renan was enthusiastic about coming to America; Renan said, "I knew that it would be a great experience." What Renan will miss the most is his family here, friends, and shooting guns. Renan liked how Augusta was a small city, since he has always lived in a bigger one.

A new language, family, and school, most people would go crazy and want to get on the next flight home! Luckily for Audrey and Renan, though, the students at Augusta High School were very welcoming and miss them already.

ORGANIZATIONS

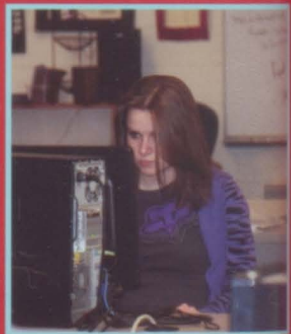

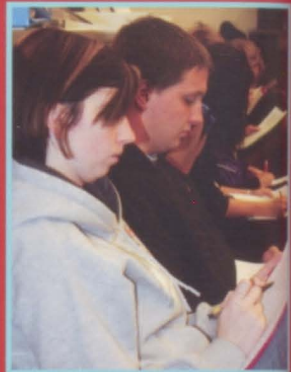

Creating the Mark

When you create something, you strive for it to be the best, for it to leave its mark. The annual staff at Augusta High School made sure to leave an impression with its 2011 book. It was a vigorous debate between a theme filled with graffiti or a road leading toward success. Tying the two together because of high votes for both, the theme became "Leaving Our Mark".

It took a mile more than just a little dedication to make this year's book a success. The 20 members of the annual staff spent countless hours working on body copy, taking pictures at events, and then editing those images. Not to mention creating a layout and deciding coming up with witty captions, being a part of the annual staff takes true commitment. "I like having a say in what goes into the yearbook" First year senior Katie Gieger said. Only 3 of the 20 members were second years, Tommy Schmidt, Paulette Tompkins, and Jessica Hodge. "It's my senior year, and I really wanted this year's book to be a success!" said senior Paulette Tompkins.

Every year the annual staff strives to make a book of quality, and improve from previous years. Although there were many challenges in tying a graffiti and road theme together, the annual staff bore the long trip and made the book a true success. "It was really fun to create a book of memories," concluded senior Abby Whalen.

Advisor Charles Catt

"Try to discover
The road to success
And you'll seek but never find
But blaze your own path
And the road to success
Will trail right behind."

Furious Achievers

As the racers pulled up to the starting line, another year of the Fast and the Furious Achievers began. Members found enjoyment in the principles of the organization like leadership, independence, and agricultural knowledge. The officers were agile and ready for any task thrown in their path.

The FFA year started early with events during the summer including the Wisconsin State Convention which took place June 14-17. "I liked meeting all the people and walking around the convention center," said junior Kyle Berlin. Kyle and two other officers, Austin Stensen and Anissa Thompson, traveled to the Washington Leadership Conference in Washington, D.C. They learned how to become effective leaders, found out the purpose of being an FFA officer, how to take action, and be confident. FFA students also participated in the Eau Claire County Fair where they showed livestock and made projects to be judged. "It was super fun and a lot of hard work but it was worth it in the end, I'm definitely doing it again," said freshman Shelby Rios. On October 12, Samantha Becker, the Wisconsin State FFA Officer for the district, visited to train members about teamwork and communication skills. On October 20-23, senior Allison Pieper hammered on the gas to Indianapolis, Indiana to participate in the FFA National Convention. Officer Kyle Berlin also participated in the last day of events.

Once school started FFA was just moving into the first turn. Officers had the pleasure of talking to Bob Bosold from WAXX 104.5 describing the ethics and main principles of the organization and were featured on the radio. Through-out the school year members attended team building events such as Action City, Mall of America, tried their racer skills with ice skating at Hobb's Ice Arena and much more. "All the trips were fun and we got to visit a variety of places," said junior Jordan Beenken.

The local organization evolved into more independent individuals and had unstoppable effort. Officers worked hard and dedicated their time into keeping the organization in top gear. As the FFA crossed the finish line and the photo finish placed them in first, it was not known as the ending of the race but rather the starting blocks for the upcoming race of life.

On the Road to Leadership

FAMILY, CAREER AND COMMUNITY LEADERS OF AMERICA

Our Mission Statement

To promote personal growth and leadership development through Family and Consumer Sciences education. Focusing on the multiple roles of family members, wage earner and community leaders, members develop skills for life through: character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation.

Above: Jessica enjoying some coffee after STAR event awards.

"You're off to Great Places! Today is your day! Your mountain is waiting. So... get on your way!"

~Dr. Seuss (Oh, the Places You'll Go!)

With their gold medals in hand, bags packed, and projects revised, two members and advisor Mrs. Burback traveled to Wisconsin Dells for State competition, April 6-8, 2010. Kristy Reid, a junior at the time of competition, completed a project called Focus on Children and received a silver. Along with her was another junior, Kaitlyn Geiger, who presented a project on Financial Fitness. At the state level she received a gold medal. Not only was it a gold medal, but one of the top two in the state. With this medal she advanced to national competition in Chicago. "I never dreamed I would make it to Nationals. It was a great experience," said Kaitlyn Geiger.

The annual Fish Fry at Tep's Drive was their biggest fund raiser. Being held before the homecoming game every year helps with their turn out. Another annual fund raiser they had was their Butter Braid sales. Fruit filled twisted croissants were a huge hit around the Christmas season. With the money they raised they traveled to Stout for Team Training and STAR events, and also to Wisconsin Dells for state competition.

After their fundraising events, members attended an all day training session called Team Training. There were 8 members that attended. While on campus, members learned more about what FCCLA is about and how to grow as a leader. The theme for training was, It's Rain'n Leadership! During the sessions, members learned about how to grow more in FCCLA by attending a variety of different sessions.

Their latest projects were STAR (Students Taking Action with Recognition) events. On the van ride to Menomonie, the three participants Jessica Kunz, a sophomore, and Kaitlyn Geiger and Kristy Reid both seniors, practiced their speeches and made last minute improvements. Jessica Kunz completed a project on Career Investigation on what it will take to become a Medical Practitioner, and got a bronze medal. Kaitlyn developed a project on Life Event Planning that was determining what she needed and how much it will cost to move into a dorm room. She received a silver medal. Kristy developed a project on Focus on Children where she was a reading helper at the Elementary School. She received a Gold medal and advanced to State Competition in Wisconsin Dells. "It is my senior year. I would love to make it to Nationals, but I am just happy that I made it to State. I am very proud of myself," says a very excited Kristy as she enjoys her gold medal. As Kristy continued to state competition, Kaitlyn and Jessica went along for moral support and to attend the many different sessions about how to be a better leader.

Breaking Down Barriers

FUTURE BUSINESS LEADERS OF AMERICA

John M. Richardson once said, "When it comes to the future, there are three kinds of people: those who let it happen, those who make it happen, and those who wonder what happened." FBLA stands for future business leaders of America but means much more to the students who join it. In all reality to these students, FBLA is their way of, "making their own future," and not, "letting their future just happen or wonder how it happened." "It gives you good life experiences that will help prepare you for the future," said Caitlin Henke, an experienced FBLA member and co-president. In order to grasp hold of their future, the optimistic FBLA members chose their business topic and started preparing for their soon to be heated competition against other FBLA members for a shot at going to state, which was to be held in Appleton, Wisconsin. Studying hard, the FBLA members broke through the barrier of getting ready for the competitions and were now ready to burst through the barrier of

getting through the state qualification round.

Out of all 12 FBLA members, 6 of them made it through the 1st barrier and made it to state. These six were Tori McConville in Business Law, Taylor Mayenschein in Business Communications, David Zimmerman, Caitlin Henke, and Allie Nelson in Business Presentation and Jonathon Stabenow in Impromptu Speaking.

"Waiting for them to announce our name was exciting and when we were announced as 1st place, I couldn't believe it," exclaimed FBLA member David Zimmerman.

Even though some of the members didn't make it through the 1st barrier, the one thing all of Augusta FBLA members had in common was that they all took a step in the right direction of making their future happen and were sure to have great success in breaking through any barrier they came across on the road of life.

The Vica-Neers

"You can work the rest of your life," Mr. Sands, the adviser of VICA said eagerly to a student. "The more clubs you're in, the more fun high school is and the more you will learn."

VICA was all about working on tech-ed oriented activities and many types of hands-on projects that enlightened students with new skills. Devin Dehnke reported, "My favorite part about VICA is spending time in the shop." Many skills emphasized in VICA were necessary in our lives, such as working on vehicles, welding, woodworking, problem solving, tool usage, shop safety, and being socially able to cope with others.

The 16 members on the VICA crew did many exciting things over the year. Lyman Smith said, "I liked VICA for the shop activities, racing, and events we go to over the year." They went to an archery range named "F and D Archery" in Osseo and drag races in Rock Falls. They also visited the Technical College in Eau Claire to compete in a BBQ smoker competition. Many of the VICA members took part in the construction of the Rube Goldberg machine for a competition held at UW Stout in March.

VICA and the 2nd hour Metals class built a modified "Ugly Drum Smoker" as this year's

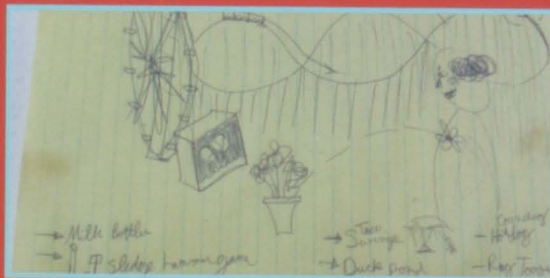

main project. In the words of Steve Bertram, "I love the teacher and the people. I love working with the people." The Ugly Drum Smoker was built from three 55 gallon drums donated by Bush's Beans. They built this for the barbecuing competition at the Technical College in Eau Claire.

Members of VICA: Anissa Thompson, Scott Larose, Wyatt Frazee, Colton Barnhardt, Austin Stensen, Cody Melgaard, Jeanne Hudson, Zach Williams, Isaac Siegel, Tyrel Hess, Devin Dehnke, Sheldon Rupp, and Weston Huth.

Vica members helped build and design the Rube Goldberg machine. this is a blueprint drawn weeks before the machine was completed.

Below: is a picture of the actual Ugly Drum Smoker that the 2nd hour metals class and VICA worked on together.

Weston Huth is putting on a coat to get down to business in the shop.

The Circus is in Town

Rube Goldberg

Above: The roller coaster gave the team many troubles, such as keeping the car on rail.

Click, ting, boom, Pattle, clang and crack were the sounds of the Rube Goldberg project during construction and test runs. The 2011 theme was "Carnival," which required Mr. Sands to pick and choose the hardest working and most creative students to build a one-of-a-kind-machine.

The Goldberg machine contained carnival props such as a ferris wheel, roller coaster, strong man contraption, power tower, fun house, tree swing, duck pond, ring toss, squirt gun, dunk tank, zip line and corn dogs. Anissa Thompson cleaned off the foundation of the circus show and said "Our Carnival is going to be freaky awesome and also," Tanner Walker interrupted her and exclaimed, "Are you really cleaning?" The students endeavored to have the best, working on Rube Goldberg project before, after, and during school, every day of the week. Before a basketball game, Austin Stensen was found drilling a hole for the fulcrum for the strong-man prop. He said, "I want

this machine to be perfect, any malfunction...could lead to docked points or disqualification." Senior Tyrel Hess said, "I think the theme this year is much stronger than last year's."

This year, the task set by the National Rube Goldberg Committee was that the Rube Goldberg machine must water a plant, and be able to do so in 20 or more steps. First and second place finishers at the competition would have moved the team into Nationals at Purdue University.

After spending over 100 hours on the construction of the complex machine, the project was put into competition on March 1st at UW Stout. The first attempt was a failure due to too much friction of a rope, but they fixed the issue and on the second attempt they watered the plant successfully. The team did not receive a place. Various Rube Goldberg members agreed, "The hardest road block we overcame was making sure that every step functioned correctly."

Austin Stensen messes with the strong man prop, behind him Tyrel Hess works uninterrupted.

Mr. Sands encourages the team to speed production, so they wouldn't fall short of the deadline.

These are the members who showed up the night before the big competition, they stayed at school working on it until 10:00. They met the next morning, March 1st, at 7:00 to catch the bus for Stout. Lyman Smith, Anissa Thompson, Tyrel Hess, Tanner Walker, Austin Stensen, Mr. Sands, Scott Larose, and Steve Bertram. Not pictured: Zach Williams, Weston Huth, Aaron Pritzl, Devin Dehnke, Aaron Gutshall, Isaac Siegel, Jack Forseth, Robbie Edwards, Seth Severson, Trevor Barka, Nate Goodell, and Sheldon Rupp

Nothing On But the Radio

A battle of quality vs. quantity. Augusta High School choir may have been minuscule but the voices behind the group were massive. The number of students participating dwindled throughout the years, leaving the '09-'10 school year with no choir. But this year the choir was bumped back up to 19 enthusiastic students ready to share their passion for singing and music. Augusta High School Choir was directed by Diedra Powell, who had been teaching music in Augusta Middle/High School for seven years. Ms. Powell's interest in music, especially Irish and Italian, and love for singing, inspired her to become an elementary, middle, and high school choral instructor.

The choir was involved in activities throughout the school year. Certain

students and instructors from all over, came together to form an immense chorus in an All Conference Choir, January 15th. In the beginning of the year, the Augusta choir took part in a Choral Clinic with two other schools. At the Choral Clinic, the different schools' choirs sang a variety of songs, and were critiqued by another school's instructor. Solo and Ensemble participants chose to sing a solo or small group piece in front of students, parents, friends, and a judge. They were then given a 3, 2, or 1 for their performance. Students who participated in Solo and Ensemble were Ayla Bandoli, Nadene Boggs, Crystal Dodge, Brenda Dingler, Lydia Deering, Cheyenne Hoffman, Shelby Rios, Angelle Solie, Jessica Schiller, Jonathan Kauer, and Isaac Siegel.

Independent choir members: Jacquelyn Gibson, Andrew Hazard, and Brandon Hazard.

Right: Junior, Jenna Hoekstra, belts out her notes in front of the Augusta High School students and faculty at the middle/high school Christmas concert.

Band on the Run

"I'm going off the rails on a crazy train." Mrs. Zastrow would often quote lyrics of songs. Like the introduction to Crazy Train, by Ozzy Osborn. The 2010-2011 Band started out on a smooth road with some pot holes. But it helped that all band members tried to improve and loved to play for their director, Mrs. Kelli Zastrow. Mrs. Zastrow was proud to say there weren't any specific leaders this year. She said, "It's nice everyone can tolerate each other."

Everyone led themselves down their own road. There were a few students who accelerated from last year, including Alvin Ortega, Allison Pieper, and Austin Stensen. Trombone player, Alvin Ortega wasn't overly confident last year, but this year he had a great influence on the other members. Allison and Austin picked up the slack being the only two returning trumpets. The band voted; their favorite Pep Band song was "The Final Countdown". The band loved to show their personality. Matthew Grunewald said, "My adrenaline really starts to race when we run through the doors into the gym full of powerful music."

The Fall Concert was on November 2. Mrs. Zastrow confidently directed their first concert. "Londonderry Air" was the strongest song they played. Freshman Trevor Barka had an amazing bell solo. Mrs. Zastrow and the audience were satisfied by the outcome of the bands chemistry and tune. The Veterans Day Program was coming

up fast. It was on November 11, 2010. Mrs. Zastrow was prepping her students to play the National Anthem. During the middle of the program the band played "Marches of the Armed Forces." The Christmas concert had a hard time finding a day to play on, because of the weather. The band played for the whole high school and middle school on December 22, 2010. The high school band played four cheery songs. The all conference students were Kristyn Reid, Denise Bustamante, Allie Nelson, Allison Pieper, Heather Sobiech, Taylor Mayenschein, Aaron Pritzl, and Kaitlyn Geiger. On January 15, 2011 these talented students spent all day playing and preparing for their concert. 15 schools attended Owen-Withee High school. Each and every band director was very satisfied.

Mrs. Zastrow and her students were very excited to go on their field trip to Chicago. While in Chicago they watched the Blue Man Group, went to Great America, The Shedd Aquarium, Michigan Avenue, and the Lincoln Park Zoo.

The Augusta High School Band had a very successful year with many memories. "Next year will be a fun year also. I'm excited to have more concerts!" Heather Sobiech said with honest confidence.

Back Row: Mrs. Zastrow, Nathaniel Goodell, Jenna Hoekstra, Courtney Voorhies, Courtney Shaffer, Desyre Klindworth, Nathaniel Ziwiscky, Allison Pieper, Alvin Ortega, Weston Huth, Robbie Edwards, Damon Hadorn-Papke, Trevor Barka. **Middle Row:** Heather Sobiech, Mareano Carrillo, Blake Bethke, Shelby Rios, Connor McCormick, Naomi Sobiech, Veronica Kauer, Aaron Pritzl, Denise Bustamante, Theresa Pritzl, Kerry Stensen. **Front Row:** Taylor Hess, Brittney Bertrang, Catherine Shaffer, Chanel Ludwig, Allie Nelson, Kaitlyn Geiger, Kristyn Reid, Taylor Mayenschein, Jessica Schiller, Candy Weiss, Kate Herold and Ayla Bandoli.

Below: Jenna Hoekstra plays her part for the High School Pep Band, during a boys basketball game.

Below: The fabulous All Conference Band Members. Taylor Mayenschein, Aaron Pritzl, Katie Geiger, Denise Bustamante, Allie Nelson, Ally Peiper, Heather Sobiech, and Kristy Reid.

One Way Ticket: Destination Fame

Above: Kristyn Reid, Jenna Hoekstra, Shelby Lone, Amber Herrick, Angelle Solie, Kayla Lone, Jessica Kunz, Connor McCormick, Aaron Gutshall, Teresa Pritzl, Scott LaRose, Taylor Mayenschein, Abby Whalen, Seth Severson, Aaron Herrick, Allison Pieper, Shelby Rios, Zach Williams, Misse Vaningan, Isaac Siegel, Kerry Stensen, Jessica Schiller, Jessica Hodge, Steve Bertram, Denise Bustamante, Robbie Edwards, Annessa Thompson

Blah blah blah. That seemed to be all we heard throughout the different stages of our lives. The One Act Play demonstrated this in a series of different situations at different points in life such as young age, teenage, middle age and old age. The play entitled "Blah Blah Blah" was written by Brian Marshall. It starts out with a young boy who is going to the seaside with his parents, who are fighting and then travels through time to his school classroom, to being a teenager, to the workplace, to a group therapy session as a middle aged person and a nursing home as an old man. When he aged into an old man he became senile and his memories of the past were completely wrong. The main message that the author was trying to send is that "you're born, you live, you die." Although that is a heavy subject, the one act play cast managed to make it absolutely hilarious with their impressive acting skills.

The One Act Play cast performed this comedy at the district level at

Regis High School and were given a green light to continue forward and perform at sectionals. They had two weeks to perfect their performance. Freshman Amber Herrick claimed that the hardest part about putting on a great show was "all the practices, morning and after school." Venturing their way to school everyday to rehearse at 7:25, the students were tired and worn out, but they never gave up. Going into sectionals "everyone was really nervous, yet very confident," said senior Abby Whalen. Receiving three out of three judges' approval, the team continued their journey to the state competition traveling a total of 314 miles to UW Oshkosh. At the competition, they earned an Ensemble award, Directors' award and sophomore Seth Severson received a personal acting award. Mrs. Maenner, the director, described this season as being "electric."

Sophomore Jessi Kunz and Junior Denise Bustamante fit in last minute practice before Sub-District.

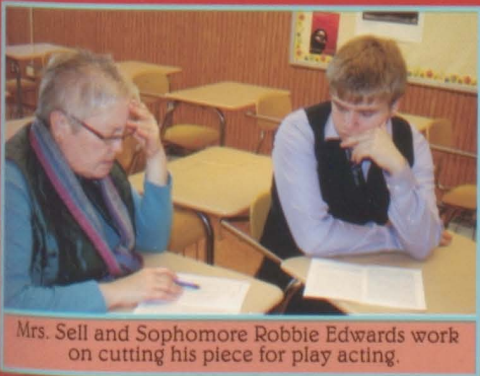

Junior Aaron Pritzl practices his poetry piece, The Bells, by Edgar Allan Poe.

The Forensics season began in November, when members set off on their journey by choosing one category out of 15 to participate in. Some categories included writing a speech, choosing a prose or poetry piece to present or even a scene to act out. Whichever path they took, commitment and hard work were a necessity.

The first roadblock to bypass after choosing a category was finding or writing material to present. Then came practice, which included creating introductions and transitions between each piece in the presentations, reading the piece or giving the speech, timing and cutting it so it fit into the time limitations. "The speaking skills and confidence of the members improved as the season progressed," said forensics advisors Mrs. Sell and Mrs. Rugotzke.

Members were to attend at least one Saturday invitational, as well as practice once a week throughout the season. As each competition date approached, forensics members could be found muttering to themselves, scanning their imaginary audience as they practiced their pieces. The anticipation of whether or not they would move on was palpable after Sub-District and District, as was the elation heard when the members were told they were moving on to State.

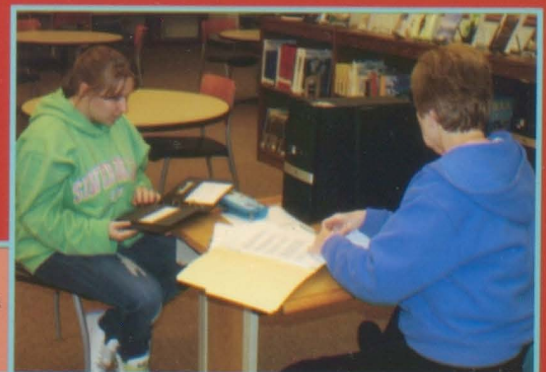

The season ended at a delightful destination, with the forensic team's arrival back from State in Madison, where they had won metallic spoils as well as immersed themselves in the culture of State Street. Students became more confident, poised, and prepared for future public speaking.

Mrs. Sell and Sophomore Robbie Edwards work on cutting his piece for play acting.

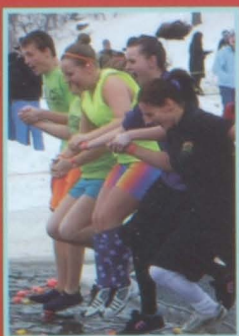

Sophomores Candi Wiese and Naomi Sobiech study their group interpretation, The Vicar of Nibleswick.

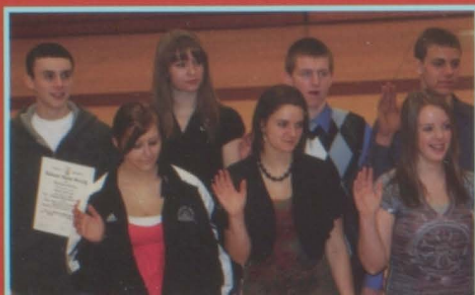

Senior Kristy Reid reads her farrago piece on kissing with advisor Mrs. Rugotzke.

Honoring the Path

Members David Zimmerman, Karley Travis, Anissa Thompson, Amy Schick, Allie Nelson and Austin Stensen participate in the Polar Plunge.

Members raise their right hands while swearing in at the awards program February 9th, 2011.

The National Honor Society was a student-run organization that gave students the opportunity to build leadership, citizenship, and character. To be selected into NHS, students needed to show dependability, organization, and leadership in the community as well as the classroom. The Augusta chapter honored students who maintained a minimum grade point average of 3.25 and dedicated 10 hours of service to the community.

The chapter inducted 12 new members from the junior class, adding to the existing eight senior members. These students were at the top of their class when it came to academics. David Zimmerman stated, "I liked working with classmates that share the same feelings, the same drive, toward our education and academics."

NHS hosted financial aid nights to help

students prepare their finances for college. In addition, six members were able to participate in the annual Eau Claire Polar Plunge to benefit Special Olympics. Despite the frigid water, it was worth "freezin' for a reason". NHS worked concessions throughout the year to raise money for the organization, and hosted two community-wide blood drives at the school.

The National Honor Society strove to recognize the total student. In return, the members endeavored to assist their community as best they could. "I enjoyed working with students who were self-motivated and goal-oriented," said advisor Kris Selberg. With that motivation and purpose, NHS members accomplished much in the areas of community service and academic assistance for their area and school.

Students and their parents receive assistance and advice on Financial Aid Night.

Student Council

The pressure of knowing that you are the voice of your class and the expectation that you will better not just your class but the whole school. This is a pressure that could make a weaker person crumble. But not the student council members of Augusta High School. They faced the odds and worked as true champions, just the way the people who voted for them knew they would.

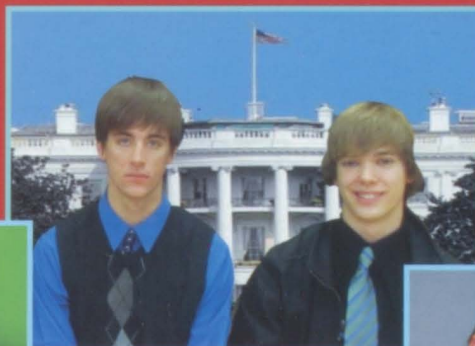

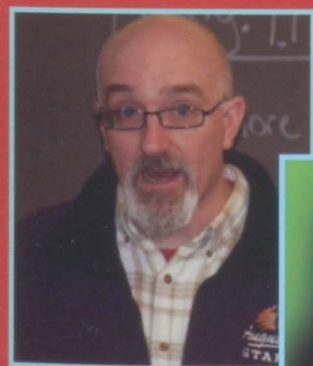

With homecoming looming around the corner it was time for the student council members of Augusta High School to step up to their first challenge. Many ideas were shifted around and thought up in order to make homecoming an amazing experience for everyone in the school. "It was difficult to organize the events but Mr. Collins did a great job at keeping us on the right track," Said Co-President Tyrel Hess.

The first obstacle to overcome started with activities to do during lunch. The ideas that the student council voted in were the paper bag dance, tug-o-war, and a jell-o eating contest, a mini football throwing contest and a shake-out the waffle ball game. They also thought up amazing ideas for dress up days some of which included biker day, class color day, and fake an injury day. The last hurdle that the student council members overcame was the choice of what themes would be given to each class for their hallway. These included the freshman with Stone Age, the sophomores with mid-evil, the juniors with current 2010, and the seniors with futuristic.

Overall the student council did an extraordinary job at making the years of 2010 and 2011 amazing; with their hard-work and determination they showed that they had what it takes to be leaders of Augusta High.

"You know that old saying that everyone is doing it?" -Above the Influence. Try telling that to the member of the group in Augusta High School named SADD. SADD stands for "Students Against Destructive Decisions", and that is exactly what the group is set out to do.

Students in SADD worked to help other students make positive choices. Within the past few years, SADD has had a number of "Grim Reaper" days and has showcased a mock car crash. "We're starting small with little activism and getting bigger with them later." Said member Denise Bustamante.

SADD has been a part of Augusta High School for four years. It branched off from a previous organization called FACT, Fighting Against Corporate Tobacco. Since smoking has been banned from public places, the organization was not dropped, rather morphed into SADD.

This past year around prom, which is the biggest time to party, SADD presented a mock car crash. This simulates what could happen if you decide to drink and drive. The hopes of this simulation is to help reduce the risk of drinking and driving among young adolescents and to educate them as well. "There are ten members involved this year and they're well involved and good members to have; I would like to see more boys join." Said adviser Mrs. Brenner.

Preventing fellow students from using illegal substances is what SADD is all about. With its strong number of members, a variety of activisms, and mock car crashes, SADD's road trip to prevention is sure to be complete.

ACTIVITIES

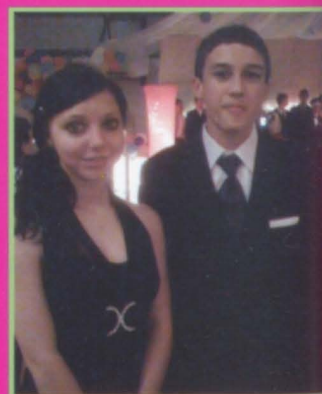

Follow the Candy Brick Road

Where could students journey on a path winding around mountains of candy? In Candyland of course! The class of 2011 coordinated prom around the game, Candyland, it was popularized by the Milton Bradley board game. Preparation for this real life game began early in the school year. Junior class members met in Mrs. Burbach's Family and Consumer Education classroom to collaborate and vote on a theme. In an overwhelming vote by the Junior class Candyland stuck out as the best possible theme for the class of 2011's prom.

Once the theme had been picked it was time to get to the business of turning the Auxiliary gym into a land of candy canes and lollipops. The first transformation King Kandy's empire with vibrant colors of hot pink, baby blue, lime green, bright orange and sunshine yellow painted the sky of the kingdom. To get these in the sky over Candy Mountain, Caitlin Henke and Tori McConville took on the task with the help of the genie. Decorating took only two days, due to the hard work and determination of the junior class. According to their adviser Mrs. Meyer, "They were a really good group," and "Everyone worked hard, but also had fun with it." A sugary sweet Candy land heaven now awaited the 150 students of Augusta High who would attend prom.

Saturday May 1 Candyland opened its gates to Augusta teenagers who donned their formal wear. Students covered the dance floor to dance to modern, upbeat songs like "Imma Be" by The Black Eyed Peas, old favorites like "Fishing in the Dark" by the Nitty Gritty Dirty Band and even group dances like the "Cha Cha" Slide by DJ Casper aka Mr.C. As 10 o'clock neared closer on the clock, the junior class lined up on each side of the stage to draw their card to advance to the candy filled grand march. After the juniors were announced, it was time for the attendants to enter. Representatives from the Freshman class were Chelsea Spear and Aaron Herrick, Sophomores Amy Schick and Jason Kelnhofer, Junior nominees for King and Queen Shane Olson, Cory Schmidt, Abby Whalen and Caitlin Henke and the 2009 Royalty Seniors Alicia Goss and Matt Severson. "I was nervous and excited at the same time," said nominee Abby Whalen. Ultimately Caitlin Henke and Cory Schmidt would be crowned princess and prince and Abby Whalen and Shane Olson were crowned Queen and King.

It was a long process for the class of 2011 to make prom what they had imagined, but they all worked together and it was definitely well worth the effort in the end. No matter who you were, you couldn't help but break free and live it up with your friends with the bumpin' music playing all around. The Candyland theme was such a dream of fun, colorful dresses and smiling faces filled with laughter. Prom 2010 will be a hard one to top in years to come.

All Roads Lead to a Homecoming

Let the games begin! Homecoming week consisted of the traditional games during lunch- the bag dance, Jell-o eating contest, and the class vs. class tug of war. A new game played was a spin off the new television show "Minute to Win-It," where each class had volunteers who were given tasks to be completed in one minute or less.

Bikers, and hippies, and beavers, oh my! One of the more friendly competitions to build up the students', and teachers', school spirit for the upcoming homecoming football game, were the dress up days. The dress up days this year were Retro, Biker, Fake an Injury, Crazy, and Pride Day. Throughout the week, the students were allotted time to take a trip through time to decorate hallways, and assemble their class floats. The floats were shown off at the homecoming parade that Friday. At the parade, the classes gathered on their corners to holler their individual class cheers. The classes then came together in the street for a high-school-huddle around their favorite football players. The students returned to the school for skits, and a pep rally to show some love for the football team. The seniors were then announced as the first place winners, earning the most points during all the activities during the week.

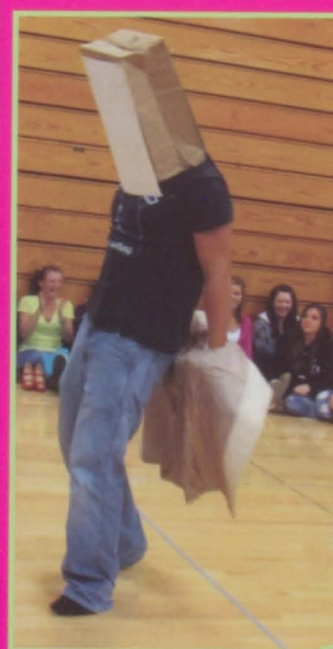

Powder Puff made its return this year. Rain poured and thunder rolled, but the game took off as the senior girls

took on the freshman girls. Despite the girls', and their coaches', enthusiasm to keep the game going, the refs called off the game as the lightning cracked. The senior girls had the lead, leaving them the winners for the third straight year. The big homecoming football game was postponed from Friday evening, due to storms and massive amounts of rain. The Augusta Beavers took on the Abbotsford Falcons that Saturday afternoon, with an ending score of 26-29 Abbotsford, leaving just enough time to get ready to dance the night away at the homecoming dance.

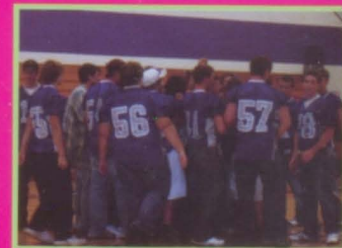

The dance began at 8 o'clock. When the clock struck 10, the Augusta High School students took a break to cool off, rest their feet, and support their fellow classmates as the homecoming court, freshmen- Angelle Solie and Cody Melgaard, sophomores- Chelsea Spear and Renan Barbosa, juniors- Amanda Schneider and Daniel Gjerseth, seniors- Prince and Princess, Christian Larson and Allison Pieper, and King and Queen- AJ Ortega and Victoria McConville, made their way through the room, to the dance floor, for their royalty dance. The students then made their way back out and proceeded to tear up the dance floor.

Homecoming senior royalty, Allison Pieper, Christian Larson, Victoria McConville, and AJ Ortega, reigned over the Homecoming dance with the rest of the attendants.

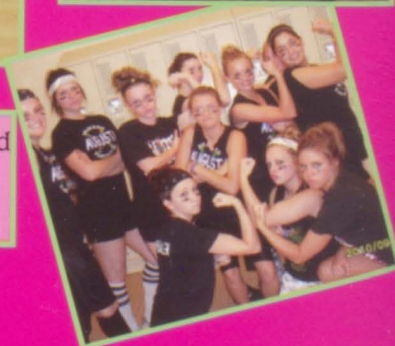

Senior, Cory Schmidt, loses the jacket as things heat up in the Bag Dance competition... He was shortly after disqualified for striking the infamous Michael Jackson pose.

SPORTS

Truckin' Across the Turf

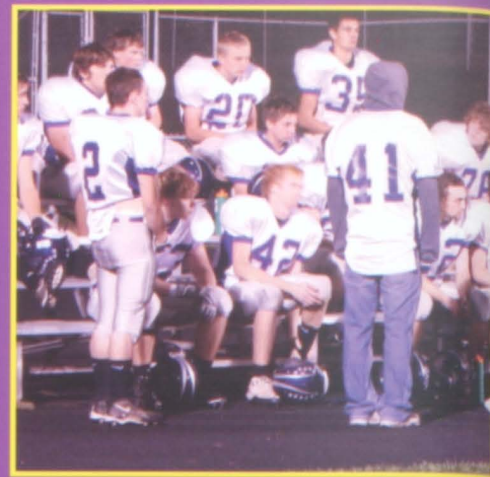

"Deception" was a word Coach Neil Bygd used quite regularly. By this he meant players had to keep the other team on their toes and not let them figure out our game plan. The season started with hard work for the boys of the Gridiron and was seen clearly throughout the summer, and two a day. "Every day at practice, players put forth 110% for every game". stated senior AJ Ortega. Captain, quarterback, and safety Aaron Forde said "This season was prideful, entertaining, with a side of disappointment."

One of the most memorable games of the season was homecoming night which was, normally held on a Friday night, but was moved to Saturday due to several days of heavy rain and treacherous weather. The Augusta Beavers clashed with the Abbotsford Black Hawks, the game came down to the final

seconds as Augusta fell short by letting Abbotsford score within the final minute of the fourth quarter. Team captain, fullback, and middle linebacker Weston Huth stated "Homecoming was a memorable game and I will never forget it." Huth, was injured early in the game but kept on truckin, and continued to play the rest of the game, and the season with a bad ankle and knee.

Coach Tom Crowe said "You have to want to win, our coaching is not enough." Legendary Coach Crowe came back to help coach the 2010 team. His presence was felt by everyone who was on the field. He always had motivational words and knew how to correct mistakes made by players.

The boys walked away with good memories, and with a change from the Cloverwood conference to the Dairyland Conference next season they will keep on truckin' across the turf.

SETTING UP THE ROAD

The bump. The set. The spike. Score! If you were an opposing team of the Augusta Girls' Volleyball Team, you were in for it. With team strength and commitment, the girls put out a breathtaking season that they would never forget. The team was supported by two super setters, Chanel Ludwig and Simone Sommers, who combined a total of 195 amazing assists. Libero Caitlin Henke experienced a road block after missing a game when a blood pool was discovered in her leg. She sat one game but was back on the road soon enough to finish off the season, leading the team in digs. Junior Amanda Schneider aided the front row with her strong hits and killer serves. Versatile Karley Travis was mostly an outside hitter but helped in the setting position whenever she was needed. Allie Nelson kept the team on track, leading in kills and digs in a few games. The girls said that one of the most exciting stops were a day-long tournament in Nekoosa. The team won four out of the six games and brought home the 2nd place trophy. The team's away game in Granton brought to life a few of the season's

highlights. Middle hitter Tori McConville had a fantastic game with a season high of 14 kills. She finished the season receiving the All Conference Honorable Mention award. Molly Perkovich received a yellow card in that game after having a spurt of "road rage." She also showed off her awesome serves by serving 11 straight points against the second meeting of the two teams, both ending in victories for the Beavers. Hanging with and getting to know the team was second year JV coach Kristen Kangas's favorite part of coaching. "Seeing the team succeed, meet their goals and have fun was what I looked forward to the most in practices and in games," Kangas stated. She said that JV is a challenging team to coach since there are girls moving up and down from C-team and Varsity and there is never really a set group of girls. The team ended their long journey with a 5-4 conference record. The C-Team girls, coached by Jessica Korger, had a successful year also, ending with some

wins and some losses. "This season was great and I really enjoyed working as a team and learning new positions. Going to the Badger game at the end just made it an even more memorable season," said freshman Desyre Klindworth when asked to describe the season. The Lady Beavers finished with a serving average of 86% and worked extremely well together as a team. With hard work and dedication, the girls tried their best every game to get a win. Unique handshakes with one another, a team supper and a trip to Minneapolis were just a couple ways the girls grew closer during the season. When asked to describe the season, varsity coach Kris Perkovich stated, "Each team member contributed a skill which made the team succeed. The skills and leadership these girls showed will take them far off the volleyball court and into their future endeavors." For the girls of the 2010 volleyball team, it wasn't all about winning; it was about the love for volleyball.

Home "Run" Sweet Home

The Lady Beavers started the season on the road to Marshfield, traveling a total of 114 miles. Although the girls concluded the game with a loss, they kept their spirits high and positively rolling. Catherine Shaffer recalled the most intense game of the season was the first home game against the Colby Hornets, with the girls battling back and forth for ten outrageously strenuous innings. The lights changed from red to green and back to red as a lady Beaver crossed home plate, tying the score. The opposing Hornets countered with a score of their own and the Beavers were left needing to score again.

Creating many memories throughout the season were team suppers, hosted by the players' families. This was a time for the girls to bond together as a team off the field. A unique incentive for the girls was to achieve a double play, which was accomplished twice throughout the season. Rewarded for this accomplishment the team received dinner paid for by the coaches at Pizza Hut and Chinese Buffet on the return trip home. This common goal gave the girls something to work towards. "Aggressive, and often times risky,

base running was always my favorite part", sophomore Allie Nelson recalled. "Coach always encouraged us to make the other teams fret about our willingness to accelerate and advance around the bases."

Second year Varsity coach Jessica Korgor stated, "It is a joy to coach, and I love all of the girls. Every one of them adds a unique element to our team as a whole." Seventeen girls fielded the team, which allowed enough numbers to have both a junior varsity and varsity team. The MVP of the season was Misse Vaningan because she was asked to fill the shoes of many different positions and she performed successfully! Most improved player was Catherine Shaffer and 2nd Team All-Conference was awarded to Allie Nelson.

The team road trip came to a halt the first round of tournament play at the home of the opposing Glenwood City Hilltoppers. Junior Varsity coach Melissa Bethke summarized, "This season was one that all the girls improved individually and also improved together as a team. They shared the love of the game as one team." The girls traveled many miles together, creating lifelong memories.

Hit and Run

Back Row: Coach Korger, Felipe Muzzetti, Danny Fuget, Scott Halvorson, Jonathon Stabenow, Casey Reetz, Joe Whalen, Jordan Beenken, and Coach Henrichs. **Middle Row:** Tori Walker, Jason Kelnhofer, Lucus Green, David Zimmerman, Daniel Gjerseth, Alan Gingerich, Matthew Severson. **Front Row:** Aaron Herrick, Weston Huth, Alivin Ortega, Dion Shilka, Shane Olson, Zach Nelson, and Seth Severson.

The ump yelled, "play ball!" The batter took a deep breath, gazed into the pitcher's eyes, and waited for him to throw a curve ball. He hoped to drive the ball right over the guard rail. "All you gotta do is hit and run, tell yourself, hit and run," thought sophomore player Casey Reetz.

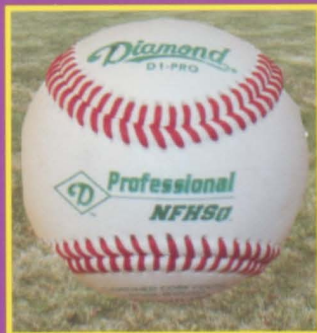

By the second game into the season, the boys traveled 47.6 miles to Eleva and back to bring home a great win! Throughout the season, the team learned what it took to be a team and what routes they had to take to be successful.

Jonathon Stabenow was awarded best pitcher of the season. He pitched 132 balls in only 5 innings against Independence. Driving each ball 60mph in a "25mph zone". Alivin Ortega was awarded best defensive player of the season. He caught just about every ball that was driven near him. Tori Walker was awarded MVP, because of his all around great attitude and skill. Lucus Green was awarded most improved player. The coaches had a fun season with him.

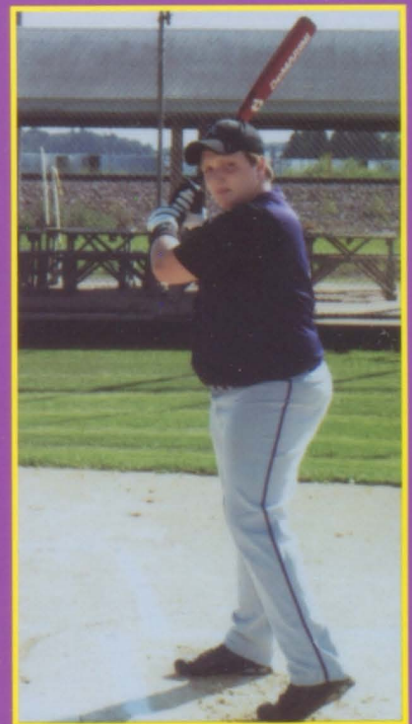

Mr. Korger emphasized to his players that they should never give up, work hard, and always have a positive attitude. Each and every player had that drive to listen to him. This helped the team in many ways. The boys who started out the games for the Beavers included Tori Walker, Jonathon Stabenow, Scott Halvorson, Dion Shilka, Weston Huth, Jason Kelnhofer, Jordan Beenken, David Zimmerman, Alvin Ortega, and Joe Whalen. Some of the team's strengths consisted of being on time to games and practice, teamwork, and communication.

Hit the Road, Jack

Scott Halvorson runs the end of his journey in the 4 by 200 meter relay.

Freshman Tanner Walker gets ready to leave his competition in the dust, hoping to throw himself into the state meet.

Skyler Bertrang sprinting ahead as Neal Kickbusch hands over the baton to finish the 4 by 800 M relay.

As the spring track season heated up and the snow thawed into icy pools of water, the Augusta track team didn't let the poor conditions slow them down by starting the season training indoors. Working on fitness, inside they corrected form, quickened footwork, built abs, lifted weights, and ran stairs to be ready for the season.

As the year rolled on, the first few meets felt like old memories. The Conference meet in Colby loomed into spitting distance. Mr. Jacobs started to scout the top track teams in the Conference, he made a chart which compared our individuals to opposing teams, it showed the team how close they were to snatching a Conference title. The Conference meet drowned the Augusta track team with excitement and nervousness. At the meet, the shifty coaches watched their plans for stealing points unfold while determined Augusta athletes performed new events and fiercely cheered on their teammates. The boys placed second at the Conference track meet, where they fell short of first with 107 team points, losing to Columbus Catholic (124 team points). At Conference, Devin Hadorn Papke led the Beaver boys; by placing 3rd in long jump, 1st in triple jump, 3rd in 300 meter hurdles, and 1st in 110 meter hurdles. Mr. Jacobs said, "We're kinda like a track factory pumping out good years over and over, its pretty exciting each year seeing how we are going to stack up."

Being pronounced all conference, Devin Hadorn-Papke in the Triple Jump and 100 Meter High Hurdles; Scott Halvorson in High Jump proved the boys' track team played out a fine season, but as result of a small team, the girls did not do quite as well. Mr. Jacobs commented, "On the girls' side we need to get more girls involved. We never have enough girls out to be really competitive at conference."

Spring training abruptly ended for much of the team as Regionals occur. Regionals, held in Colfax, completed the journey for all but four boys and one girl who moved onto the Sectional meet, also held in Colfax. Devin H.P., Scott H., Daniel G., Tanner W., and Jessica S. competed at Sectionals, Devin Hadorn Papke, missing state qualification standards by a mere 3 inches in the triple jump, and Scott by a jump in the high jump.

Seth Severson flies as he leaves the runway, but soon returns into the sand pit for a good leap in the long jump.

Devin Hadorn Papke soars for the longest jump yet at the Hoyme meet.

Denise Bustamante winds back, preparing to set herself free, throwing the discus.

Aaron Gutshall hands off the baton to Daniel Gjerseth, who hopes to catch someone on the final lap.

Fourth row: Coach Jacobs, Coach Kardin, and Coach Gilles

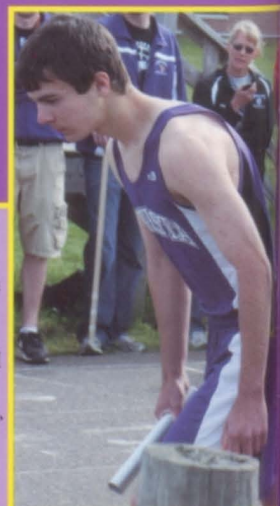

Third row: Scott Halvorson, Cullen Gabler, Blake Ramsden, Neal Kickbusch, Cashton Warner, Robert Edwards, Skyler Bertrang, Daniel Gjerseth, and Seth Severson

Second row: Jonathon Stabenow, Tanner Walker, Devin Hadorn-Papke, Felipe Muzzeti, Zachary Kirchoff, David Zimmerman, and Aaron Gutshall

First row: Denise Bustamante, Molly Rosentrater, Courtney Voorhies, Taylor Zamora, Molly Perkovich, Stephanie Leland, and Allison Pieper

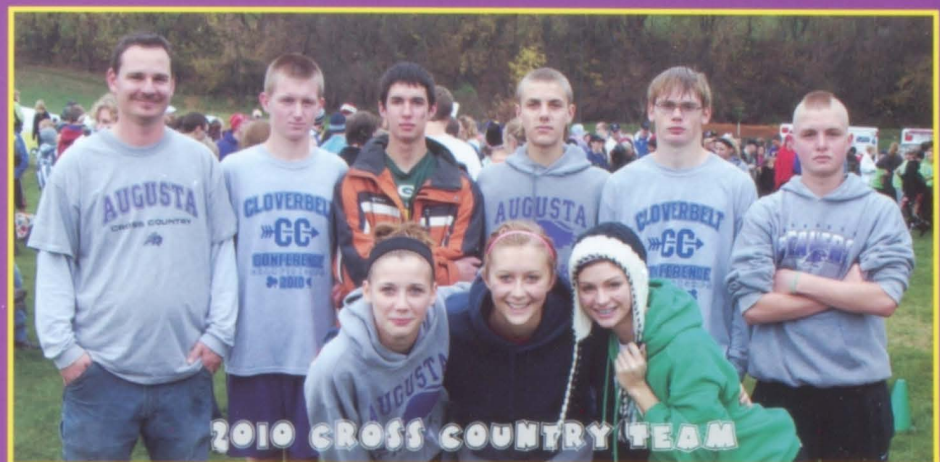

Neal Kickbusch waits for the gunshot to begin the 4 by 800 M Relay, a relay team that placed 4th at the conference meet, less than a second behind 3rd place.

The Augusta boys and 163 other boys line up for the gunshot at the first official cross country race of the season in Marshfield.

2010 CROSS COUNTRY TEAM
 Back row: Coach Will Jacobs, Matthew Grunewald, Skyler Bertrang, Daniel Gjerseth, Brett Lewallen, Bradley Grunewald
 Front row: Amber Herrick, Molly Perkovich, Chanel Ludwig

Endurance for the Distance

Dani Nelson tenses, waiting for the shot to set her free at the meet in Fall Creek.

The boys won't soon forget their habanero pepper good luck charms from the conference meet in Cadott.

The air was soft, the path fine. The promise of every stride was so great they thought they were in a dream. The cross country runners began that dream on a warm summer day as nine athletes, led by Coach Will Jacobs, arrived for the first cross country practice at Augusta in many years.

The team consisted of six juniors: Skyler Bertrang, Daniel Gjerseth, Matthew Grunewald, Brett Lewallen, Chanel Ludwig, and Molly Perkovich; two freshmen: Bradley Grunewald and Amber Herrick; and one seventh grade girl: Dani Nelson.

The first taste of a real cross country race was on a frosty Saturday morning, hosted at the Wildwood Zoo and Park in Marshfield. The race led the runners through a creek and down a quarter mile straight into a joyless wind. This was the only meet where the Augusta boys were one player short of the mandatory 5-man team, unable to receive points as a team. The girls' cross country runners could only compete at four meets due to conflicts with the volleyball season and were not able to participate in team scoring due to their small numbers. However, in the meets the girls did attend, they placed well for the amount of time they had spent on the trails.

The runners worked hard over the cross country season, and had fun doing it. "Our legs ached after practices and meets," all the boys agreed. Going the long distances helped them become stronger, keeping them in shape, according to Chanel and Amber. Some fun practices for the players were in the pool, playing water polo; many liked runs through town, Beaver Creek, and Coon Fork. A favorite memory of all runners was the habanero pepper necklaces given by Mr. Jacobs for good luck at the Cloverbelt Conference meet.

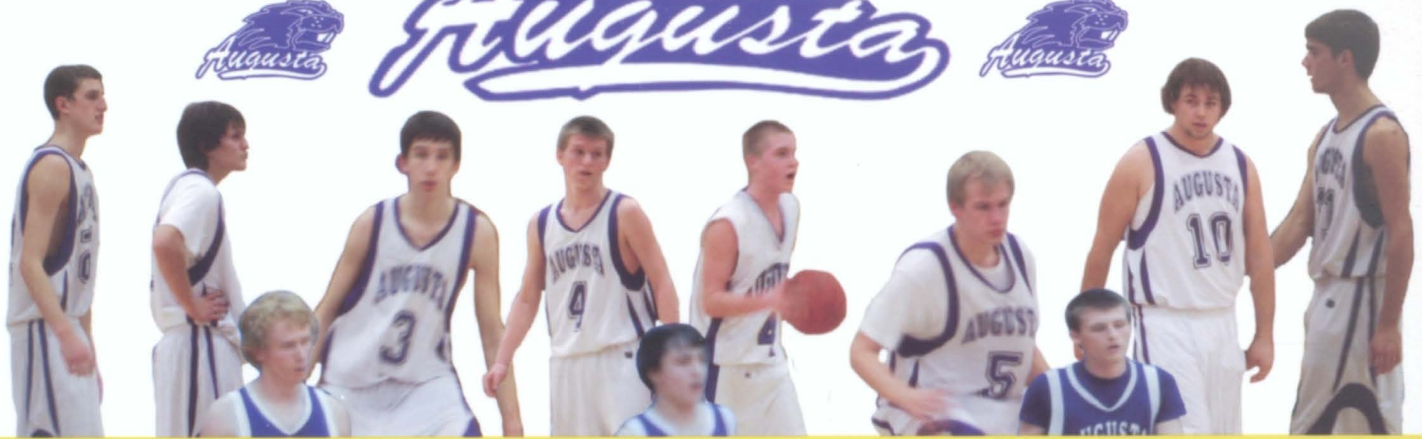

Rounding off the season at the sectional meet in Arcadia on October 22, all members ran to their fullest potential, Daniel Gjerseth placing just two slots below the top nine runners who went on to state. "Coming around the last corner of the race, I heard Tim Nelson yelling, 'You're going to state, man!'" said Daniel. "I turned around to see if anyone was catching me, right then I thought I had made it."

Taking in the potential in the air, this fresh sport went well, the runners taking their dream and making it a reality. The whole team enjoyed the season, and improved while they were at it. Overall, it was a very successful season.

Augusta

Driving Down the Lane!

"You only get one shot and it's up to you what you want to do with it!" said Coach Paul Henrichs to his team before their first game against the Athens Bluejays. This would be the quote that would not just inspire, but propel the Augusta Boys to their first above .500 season in a long time. "It was good to be above .500!" said Senior Forward Cory Schmidt, "winning most of our games is really a good feeling!" Starting out 5-0 the Augusta Boys would not lose until last year's conference winners Marshfield Columbus would come to the Beavers house and put an end to their streak.

Not to be out done the Beavers bounced back and ended their season 13-10 but according to Senior Cory Schmidt he felt there was room for improvement, "Our offense was amazing, we could score at will, but I couldn't help but feel like we didn't play to our potential on defense." Even though the Beaver Boys season didn't necessarily end as they wanted it to and they felt like they still had some gas left over in the tank the 2010-2011 season was a season to remember and one they will never forget.

Junior Varsity Team **Back:** Coach Ashley Mason, Adrienne Brock, Desyre Klindworth, Amanda Schneider, Molly Perkovich and Assistant Coach Alicia Goss. **Front:** Catherine Shaffer, Kate Herold, Courtney Shaffer, Mandi Raether and Amber Herrick.

The shot goes up. The crowd hushes. Everything moves in slow motion. All eyes in the gym are glued to the ball. It slices through the net as the stands erupt with cheering. The high school girls' basketball team started the season on December 2, traveling to Marshfield Columbus. Here the girls left everything on the floor, hustling after loose balls and getting low on defense. However, the scoreboard did not do the girls justice, leaving them eight points from starting the season with a W. The second game of the season against Owen-Withee was at home and the girls approached a season-altering road block which left starting junior Chanel Ludwig out for the season with a torn ACL. But the girls did not give up all hope for the season and got their first win of the season on December 14 against the Cadott Hornets. The girls played like a team and kept their heads in the game even when it was not going their way. "The December 16th game against opposing Spencer Rockets is one that I'll never forget," junior Molly Perkovich stated. During this game, a Spencer post player came down from rebounding, landed funny, and hurt her neck. The ambulance was called and over 30 minutes later the game resumed. Less than 10 seconds following the inbound, a different girl from Spencer fell with the same neck injury, resulting in an early halftime. Trying to get back after such a lengthy break was hard for the girls and they concluded with a loss. However, this was the longest lasting game in Augusta history.

February 3 was another exciting night for the Lady Beavers. In the first 27 seconds of the game, junior Allie Nelson drove to the hoop and got fouled, which put her on the line and led to the achieving of her 1000th career point.

Senior McKenzie Mulhern recalled the most intense game of the season was the home February 14th game against non-conference Athens. The girls kept the game close the entire route and led by three after the first quarter. At half, the Beavers were down four but came out with a strong third quarter by outscoring the Bluejays 15-6 and leading by five to start the 4th. Leading by double digits, the Beavers' momentum slowed and with a minute remaining, Athens again took the lead. With the clock winding down, senior Caitlin Henke sank a three pointer to send the game into overtime. Battling an up and down overtime, the Beavers came up short ending with a 70-74 loss. This is the first time Augusta girls have scored 70 points since before 2000.

Friday February 25th, the Beavers traveled to Loyal and took on the Greyhounds. Battling a rough first quarter and digging a hole of 16 points behind, Augusta was down throughout the first half. Third quarter was time for their run, which led to the Beavers taking the lead and finishing the game with a win by 11. A highlight of this game, recalled Amy Schick, was that everyone scored. Augusta hosted Stanley-Boyd for the East/West crossover game. Coming down to the wire, Stanley had a game winning shot at the buzzer that rolled in and out. The Beavers won by two. Coming off a three game winning streak, the Beavers head into playoffs. They wrapped up the season playing Osseo-Fairchild in the first round of tournaments.

Cruising the Fairway

He stood on the tee box, placed a tee into the freshly cut grass, took out a brand new golf ball and carefully placed it perfectly. Then, he stepped back and took a few practice swings getting it down perfect. He stepped up to the ball, exhaled, and swung, he collided the club with the ball, sending it cruising down the fairway. Fun times, competition, and decent placing was the 2010 Boys golf season in a few of Coach Anderson's words. Many of the players said that it was one of the best seasons in any sport they had competed in, including the No.1 and Team MVP Lyman Smith. Smith also went on to say "practices were fun and all the guys were awesome, I am glad I decided to join golf. Many of the individuals on the team both Varsity and Junior Varsity improved greatly throughout the season." Whether a good match or even a bad one the team had fun and were always excited for the next match. Competition was not just for matches though it was also present in practices. The boys were constantly challenging for

varsity spots and positioning in order to find the best possible choices for the next upcoming match. Coach Anderson definitely found the best golfers. A fond memory of his was when the boys had a combined score of 187 at their home course in Osseo. Anderson was also impressed with his players individually especially when No.1 Lyman Smith shot a 44 at Osseo and No.3 Jordan Beenken shot a 44 at Neillsville. The competitions and the scores that Coach Anderson's players got while golfing were important to him but overall Coach Anderson said his favorite part about golf were the practices with his players, especially one on one time with them at the driving range where he could help them perfect their swings and teach them the little things that could help improve their game. Although no one made it past the regional level to sectionals, this year was a memorable season for all the Augusta boys golfers and they will always remember the joy of cruising down the fairway.

Pit Stop Putters

When the bell rang on the first day of school, the Girls' Golf Pit Stop Team had already put in weeks of practice and had participated in several meets. As the first day came rolling to an end, the girls headed off in the school van racing to another day of practice at Osseo Golf Course. Practices consisted of constant self-improvement with pit-stopping coach-manager Mr. Rod Anderson, helping them along the way. All the girls knew that being a great player took confidence and determination. Each swing was important. "Your swing had to be close to perfect, and muscle memory is important, especially in putting," said Allison Pieper, a senior who had been playing since her freshman year. The team consisted of two seniors crew chiefs Allison Pieper and Jamie Purdun, and three junior mechanics, Mandi Raether, Allie Nelson, and Denise Bustamante. With a small crew the girls had to do more than one job to keep the team running in tip-top shape. Mr. Anderson always knew how to keep them in check. The meets of the pit stop crew that they participated in varied from Neillsville to the conference meet in Wausau. "The meet in Wisconsin Rapids was my favorite, I had my lowest score of the season," said Jamie Purdun,

also a senior. The Pit Stop Team traveled a total of 924 miles together for meets and one member, Allie Nelson, went an extra 336 miles to Madison for sectionals where she scored her lowest score of the season with an 88, but missed going to state by one stroke. Each member of the crew knew that being a part of a team was especially important. "The other girls taught me how to have fun and commitment is ideal," said Allie Nelson; the junior parring champ. Overall the team together had a successful season, had lots of fun and played to the best of their abilities. The crew always chugged on after a badly played hole or a bad round and showed their true colors and representation of the school.

Kickin' it

Sam Larson, Renan Barbosa, Teddy Sauers, Sheldon Rupp, Brett Lewallen, Matt Grunewald, Jamie Purdun, Zach Nelson, Damin Hadorn-Papke, Aaron Herrick, Bradley Grunewald, Matt Purdun

"No matter how many points you're ahead or behind, you're a winner. No matter how good or bad you are at the sport, you're the best. Never say you're the worst." -Sheldon Rupp

Zach Nelson speeding past his opponent, snatching the ball, and kicking it high in the air.

Sam Larson kicks the ball into net, winning the game!

"Goal!" yelled the referee. Augusta player, Sheldon Rupp, had just kicked off the game against Black River Falls, scoring their first goal. The first game of the season was a triangular meet against Black River Falls and Eau Claire Immanuel Lutheran, at the Black River Falls Soccer Park, Saturday, September 18, 2010. Sophomore Matt Grunewald scored the last goal, the only goal of the second half of the game, against Black River Falls. The final score was 5-2.

2010 was the first year soccer had been an option for students in at Augusta High School, "My motivation to coach was to help our community stay a diverse and fun place for young kids to live." Said Coach Jeremy Gilbert, who had coached approximately 60 games of soccer in the past year. When asked what he could change about soccer, Gilbert explained, "More kids, but I think every sports program in a small community has that goal. Hopefully with young kids playing,

Damin Hadorn-Papke kicks the ball towards the goal, while Amber Herrick is racing after him.

the soccer program will grow as well as produce more athletes for the other sports." For being the first year of soccer, there were plenty of dedicated players who made a very well put together team. The newly formed Augusta Soccer Club had a great wins to losses ratio 5-3. The Augusta Soccer Team had a hard time starting out, because it was such a quick decision to have a team. They had insufficient equipment for practices and games, but thanks to the Augusta School District, the soccer team had help getting equipment, hiring refs, and scheduling games. When the soccer field, goals, nets, lines, and training equipment were all in place, they finally felt that the team was complete. Augusta Soccer Team won against teams that have been established for years; that shows how much effort, dedication, and sweat that the players put into their practices and games.

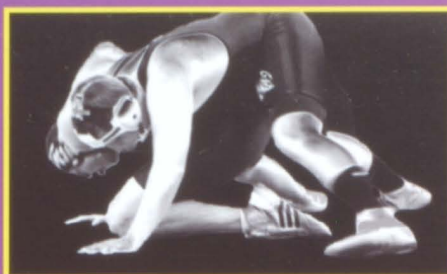

SCORE BOARD

Black River Falls	W- forfeit

The Beavers take a timeout to find a way to beat Arcadia in the second half. Score 2-3

Switching Lanes

Left: Jordan Beenken Scores 2 points for a take-down during his match in Necedah.

Wrestling started with a bang as the team traveled to Spencer for a dual meet and the following day traveled to Necedah for a team tournament. The Dragons of the Co-op between Osseo-Fairchild, Augusta, and Altoona were looking for their third team victory in a row at Necedah, but fell short with a third place finish. Augusta veteran of 12 years Jordan Beenken was injured with a broken collar bone at Necedah and was deemed unable to wrestle for the rest of the season early in this tournament. Jordan only had 3 matches in the 2010-2011 season before this injury occurred. Augusta senior Shane Olson and junior Allen Gingrich joined the team for the first time this year and proved to be good additions, helping to fill the weight classes to have a full roster. Shane Olsen was placed on the varsity squad in the 125 pound weight class and finished with a record of 6 and 7, while Allen Gingrich wrestled on JV at 152 pounds and 160 pounds for a record of 7 and 6. Freshman Alex Knutson, in his tenth season in the sport, wrestled on the JV squad this year at 152 pounds and 160 pounds, finishing the season with a record of 8 and 14.

The Dragons finished 3rd in the Cloverbelt conference this year, and did very well in non-conference dual meets. Head Coach Donnie Kuehn said "Tournaments were a big success this year. Many of our wrestlers got plenty of good matches helping to build experience." The Dragons traveled to Neillsville for the 2010-2011 Cloverbelt Conference Tournament. The team finished 3rd in the tournament, with 1 individual champion and 3 runners up. 1st Team All Conference Justin Poirier, of Altoona, was the Champion at 152 pounds. Second Team All Conference wrestlers Tyler Henke, 135 pounds and Cody Kostka, 171 pounds, both of Osseo, placed second, as did Ryan Hanson, at 112 pounds of Altoona. The division 1 regional tournament for the Dragon wrestlers was held at Holmen High School. The Dragons advanced seven wrestlers to sectionals in Tomah, in order to do this placing 4th or better in the regional tournament is required. The Dragons did not advance any wrestlers to the Division 1 State Tournament. Augusta's middle school wrestling program accounts for one of the wrestlers on the Dragon's co-op team. JJ Breaker has been wrestling for 7 years for the Dragons. JJ had a 16 and 14 record in the 2011 season, and finished 2nd in the Cloverbelt Conference.

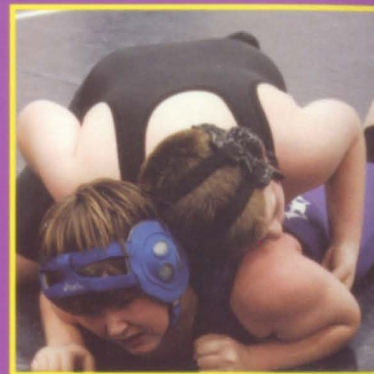

Shane Olson looks to score early in his first match at River Falls.

Alex Knutson warms up before a match in Whitehall.

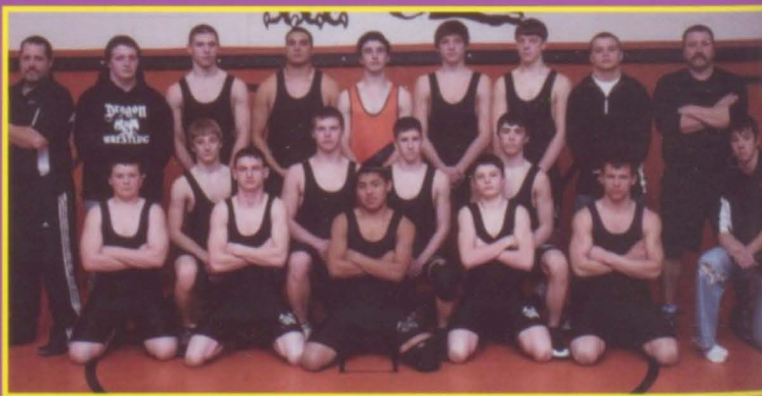

Allen Gingrich works to turn his opponent to his back in a JV match in Whitehall.

JJ Breaker breaks down his opponent right off the whistle during a match in Mondovi.

Alex Knutson fights to pin his opponent early in the first period of the dual meet against Neillsville.

Back Row: Coach Donnie Kuehn, Jordan Beenken, Justin Poirier, Manny Melendrez, Andrew Peterson, Beau Buckmaster, Cody Kostka, Coach Steve Poirier. **Front Row:** Alex Knutson, Maverick Glavin, Shane Olsen, Chris Sunday, Hector Pucheta, Ryan Hanson, Jeremy Peterson, Tyler Henke, Allen Gingrich, Coach Jeremy Poirier.

Flagging Down The Interstate

The Flag Team was very enthusiastic and positive by coming in on their own time to practice, and to get better on their routine. Each member enjoyed to twirl and show off their flag twirling talents.

The flag team included five juniors, one sophomore and one freshman. These ladies were Chanel Ludwig, Allie Nelson, Taylor Mayenschein, Jenna Hoekstra, Jessica Schiller, Jessica Kunz, and Desyre Klindworth. Mrs. Zastrow was the director of the Flag team. "I loved twirling our flags to the music and creating our own routines for games and events." Said Jenna Hoekstra.

Behind the scenes each and every flag member went to Mrs. Zastrow's house and worked hard on the routine before the homecoming game. The

first step was to create the routine. The second step was to match it with a song. The third step was to put it all together and practice, practice, practice! While at Mrs. Zastrow's they took a lunch break and ate some pizza. Each and every girl got along and loved to spend time with each other. There were lots of laughs and smiles that day.

Their first routine was performed on Friday, September 24, in front of the high school during the homecoming pep rally. The ladies twirled and danced to "Eye of the Tiger", to get the crowd and football players pumped up. During the half time of the Homecoming football game they showed their school spirit and twirled their flags again. The Flag Team was

Left: Jenna Hoekstra and Taylor Mayenschein drive their boys to the end zone to tie the game before half time.

successful at encouraging people to start cheering. The flag team all agreed it was better having to perform during the game on a hot Saturday afternoon instead of a cold Friday night. Taylor Mayenschein said "It was better to prepare for our performance without

having to rush after volleyball practice."

The flag team is excited for next year and can't wait to practice for the homecoming game.

Left: Junior, Chanel Ludwig and Freshman, Desyre Klindworth take a pit stop before half time to drive their school spirit into the football players.

Below: Junior, Allie Nelson takes charge in ending the half time show.

Right: Junior, Jessica Schiller and Freshman, Desyre Klindworth flag down the crowd with their dedication and drive.

Middle Right: Chanel Ludwig takes charge and starting the jazzy routine.

Bottom Right: Taylor Mayenschein patiently preparing for the half time show.

Right: Sophomore, Jessica Kunz twirls her flag to direct traffic at half time of the homecoming game.

Allison Emborsley

Christian,
Where has the time gone? I remember taking you to your first day of kindergarten. As I stood in the doorway and watched you play you turned to me and said "you can go now mom." You were so excited to be starting school now you'll be graduating soon We're proud of you! We know you'll succeed in whatever you decide to do!
Love Mom and Dad

Christian,
Good luck in college.
Connor

Christian,
You are a good brother to me and I enjoy you as my brother and I love you.
Love, Aiza

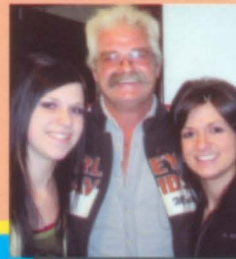

Abby,
You have brought so much joy and happiness into my life. It's going to be so hard to let you go out into the world on your own, but I have all the confidence in the world in you. I know you will succeed in anything that you set your mind to. I am so very proud of you Abby! You are amazing!
Congratulations
Love you,
Mom

AJ,
We've watched you grow from a wide-eyed little boy into a respectful, loving, responsible young man. Live life to the fullest, reach for the stars, and continue to keep God and your family close as you embrace life's challenges. Believe in yourself, be happy, make friends, find love but always remember where home is. We are so proud of you and love you lots!
Love ya-
Mom and Dad

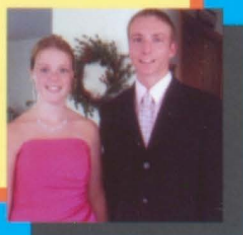

Congratulations Jacquelyn!
Words can't even describe how proud we are of you! Good luck with your future plans, even though we both know you won't need it! We love you so much!
Love, Dad and Michelle
xoxoxo

To My Sister,
You are my one and only sister. You mean the world to me. We have been there for each other through the years. I am So proud of you. Remember I love you and I'm always here for you!
Love,
Brother Chris

Karley,
Not so long ago you followed me down the driveway and climbed aboard a big, yellow school bus for your first day of elementary school. Soon you will walk out to your car and begin the four mile journey to high school for the last time. The days have flown by and now you are ready to begin the drive to college. Go and meet new people, make new friends, try new things, and have fun. I know you'll do great!
Love,
Justin

Karley ,
What happened to our cute little girl? She grew up into a beautiful young lady! We are proud of all your accomplishments and of who you are and we are excited about your future. Remember we are always here for you. We love you and keep God at the center of your life.
God's Blessings and Our Love,
Dad and Mom

McKenzie,
Your whole life's an education that has only just begun. On wings of knowledge you will fly. May the world embrace you, excite you and strengthen you in everything you do.
Love always,
Mom

Dear Sami,
 You have made us so proud to have had a daughter like you. You have turned into a very beautiful young lady, who brings our whole family so much love, laughter, and last but not least, your spunkiness. There is never a dull moment when you're around. Don't ever lose that.... We love you so much,
 Love-
 Mom and Dad

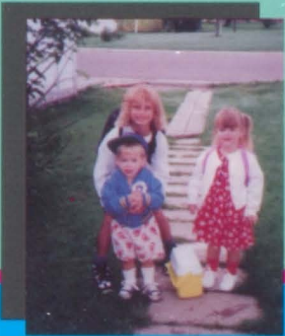

Devin,
 I turned around for one minute and you're all grown up and ready to move on to the next phase in your life. The best days in your life are yet to come, so enjoy them because they go by fast. Keep up the good work.
 Love Dad

Big Guy,
 It seems like yesterday you were graduating from Preschool and now you are graduating from High School. WOW, did that time fly by fast! You have become an amazing young man, Devin. Good luck with your next big adventure in your life.
 Love always,
 Mom

Big Guy,
 It's hard to believe that it is your time to graduate high school. Though the road here was not easy or smooth, keep your head held high and you will succeed.
 Love,
 Vanessa, Kasey, and Valarie

Hey Bro,
 Woah. So now it's your turn. We have had quite the interesting 17 (almost 18) years together, and our adventures have been nothing short of interesting. Time flies way too fast and it's hard for me to believe you are going to be a freshman in college. I know you have an incredibly bright and wonderful future ahead of you, and I wouldn't expect anything less. Now that I'm starting to feel old, you can slow down how fast you're growing up! Just kidding, but really, look how far we've come. (: I love you little big brother and will be there for you forever, every step of the way! Congrats and Good luck in college!
 Love always and forever, THE best sister ever, Renae

Jess,
 To my awesome, beautiful daughter. You are my one and only baby girl. I love you so much and I'm very proud of you. Know that I am here for you now and always.
 Love,
 Dad

To My Daughter,
 No words can describe the love I hold for you. You bring laughter, and so much love in my life. You are my daughter, my life, and best friend. I am proud of you!
 Love,
 Mom

David,
 We don't have the words to express how proud we are of you, your accomplishments, and the happiness you have brought to our lives. Whatever path you choose we know you will succeed. You have brought so much joy to us watching you grow into a wonderful young man. Keep your honest, sincere heart and you will go far in life. We love you!
 Mom and Dad

We are so proud of all you've accomplished. The future is at your doorstep. Always make the best of your time and goals. We love you.
Mom and Dad – Katie and Kara

Dear Devin,
We are very proud of you! Congratulations!! Remember, you CAN reach the stars! Love now and always Mom and Dad

Cory,
We are so proud of all you have accomplished in your first 18 years: Eagle Scout and wonderful friends, to name two. May the future be as fulfilling. Love Mom, Dad and Jake

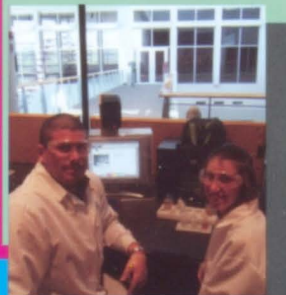

Tyrel,
Congratulations,
We love you
Mom and Dad

Mousie,
Here you are, a senior. Where have the years gone? You have grown into a beautiful young woman, both inside and out. In just a few months you will begin a new chapter in our life. Hold strong to your faith, beliefs and your dreams. With God by your side anything is possible. We're so proud of you.
Love
Mom and Dad

Katie,
Congrats on making it through this journey. It will get more fun and interesting as it goes on. Keep in touch with your friends from school. Good luck at WLC and in life! Love your bro, Kris

Melissa and Casey,
I am so very proud of you two. May the love and joy you brought me over the years shine down on you.
I love you both
Mom.

Stephanie,
You once fit in the palm of our hands. We're so proud of your accomplishments and the young beautiful woman you've become. We love you. Love from your guardian angel Dad and Mom

Caitlin,
I can hardly believe our baby girl is graduating already. We have watched you grow and become an amazing young lady. You're such a blessing. I'm so glad you're mine. Always remember to be yourself and keep your sweet caring, unique, bright personality. Always dream big, you can accomplish anything. Never ever give up, if you fall pick yourself up and move on. Remember to laugh everyday, and that we're always here for you. You're not only a daughter, but a best friend. Good luck in all you do, you have so much to offer this world. We're so proud of you.
I LOVE YOU BIGGER THAN THE WORLD!
Mom

Shelby,
My miracle baby, you are my sunshine, a beautiful young woman. May you accomplish and fulfill all your dreams. Life is trial and error, but God will never dish out what you can't handle. You are very strong willed. Continue your journey with faith. Always Remember:
I Love You With All My Heart!

Dear Dustin,
I am so proud of you! I knew you could do it. You're such an amazing person and I know you will go far. Im always here for you! I love you!
Forever and Always
Amy Schick

Aaron,
In your future, there'll be many obstacles; it's just part of growin' up. But we have the utmost faith and confidence that you'll barge right through any barriers...just like with that dumpster in the parking lot.
Your loving family,
Mom, Emily & Ellen

As a younger sister you were impossible to live with! You were annoying and always in my business and some would say you wanted to be me. Now the years have past and you are your own woman and I hope I helped guide you. I would do it all over again. Ive never been more proud of you. Congrats Jess you made it. I love you,
Love always
Big sis Amy

Tori,
As the proudest parents in the world, we want you to know that we believe in you. We are excited that you have turned into this Independent, Courageous, Driven, Intelligent and Loving Young Lady. We will always be there for you in the future. You are a leader and have made your own path in life. Never change who you are and continue to believe in yourself as we do. Love you,
Mom and Dad

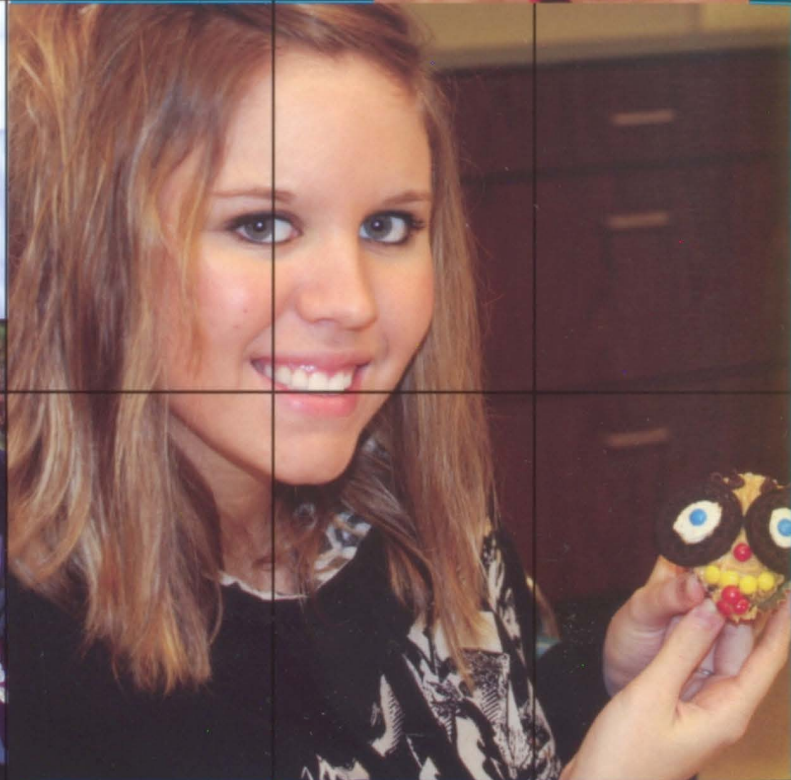

Paulette,
Well my little peanut is about to head out into the real world. I hope it's everything you dreamed it would be and more.
Love you Always,
Dad
